

White Continent

White Continent:

The Race to the White Continent Alan Gurney, 2002 A fascinating account of the early days of Antarctic exploration from an expert storyteller

The Antarctic Dictionary Bernadette Hince, 2000 The world's most isolated continent has spawned some of the most unusual words in the English language This comprehensive guide to the origins and definitions of such words as donga and growler is supported by more than 15 000 quotations drawn from over 1000 sources A treat for anyone who's ever dreamed of visiting Antarctica

Cold Words Bernadette Hince, 2025-04 This ice breaking book collects the English words of the Antarctic and the Arctic for the first time These words relate to weather ice and snow auroras clothes food housing social structures wildlife plants politics as well as many other aspects of polar life The terms are presented with scientific precision a helpful interpretative commentary and moments of whimsy Apart from Antarctica and the Arctic the regions covered here stretch to places as remote as the Faroe Islands Iceland Tristan da Cunha and the Falkland Islands

The White Continent Thomas Robert Henry, 1951 At the bottom of the world lies the only uninhabited continent It is a land of unearthly beauty majesty and utter desolation the last large portion of the earth's surface left to be explored This side of the moon it offers the greatest challenge remaining to the exploring imagination for though its meager history is already rich with sagas of men like Scott Amundesen and Shackleton it remains a region of mystery and wonder

White Continent David Poyer, 2016-01-01 A NOVEL OF RELENTLESS SUSPENSE ON EARTH'S FINAL FRONTIER For thirty years diehard David Poyer fans searched used bookstores for the few tattered copies surviving of WHITE CONTINENT This sprawling first novel reads like a remix of ATLAS SHRUGGED and THE DOGS OF WAR as retold by Robert Heinlein It follows a team of adventurers mercenaries outcasts and entrepreneurs in a daring coup to take over the last unclaimed land on earth the terrifyingly hostile continent of Antarctica Using advanced technology to survive and surplus weaponry to defend their new possession they now must hold this new state against all comers and build a Utopian society unlike any that exists elsewhere on earth This new edition cuts 10 000 words from the original text reading daster and more smoothly The geopolitical scene has changed greatly since WHITE CONTINENT was written But the book is still prescient in its foreshadowing of today's conflicting claims and impending resource wars in places like the Arctic and the China Sea Fans of Poyer's later books will notice hints of themes he's still exploring such as the search for authentic authority conflicted heroes and deeply layered multidimensional characters who think as well as act
