Winifred Nicholson In Scotland:

Winifred Nicholson in Scotland Alice Strang,2003 Throughout her long and varied career Winifred Nicholson 1893 1981 was concerned with light colour and radiance Best known for her sensitive and joyful flower paintings she married Ben Nicholson in 1920 and their mutually influential artistic relationship lasted despite separation until Winifred s death In the late 1940s and early 1950s she made regular working trips to Scotland often accompanied by the poet Kathleen Raine Frequently staying on the islands of Eigg and Canna and in Sandaig on the mainland Winifred felt a deep affinity with the Scottish landscape and marvelled at the quality of light and the effects created by the ever changing weather conditions Her last painting expedition was to Eigg in 1980 Winifred Nicholson in Scotland is based on personal correspondence and the recollections of relatives friends and painting companions The book examines for the first time Winifred Nicholson s love for Scotland and illustrates her Scottish paintings Nicholson s Scottish **The Man Who Gave Away His Island** Ray Perman,2011-08-12 In 1938 John Lorne Campbell bought the Hebridean isle of Canna He wanted to prevent it becoming a rich man s playground like so many other islands and Highland estates to preserve a part of traditional Gaelic culture and show that efficient farming methods could be compatible with wildlife conservation and sustainability But his determination to get the island left him burdened by debt and even after he gave it to the National Trust for Scotland in 1981 he still had to fight to secure his legacy This acclaimed book is an insightful and human portrait of one of the twentieth century s most significant scholars of the Gaelic world and of his 60 year partnership with Margaret Fay Shaw who together created the world famous library of Gaelic song and other material at Canna House **No End to Snowdrops** Philippa Bernard,2010-04-01 Exploring the life of Kathleen Raine who played an important role in the literary history of 20th century England this authorized biography tells how she developed from a small girl who only wanted to be a poet into a world renowned poet and literary scholar Starting with Kathleen s struggle against the constrictions of her suburban childhood the story of her life then continues with her exciting days at Girton College in the 1920s where she became friends with many brilliant writers artists and scientists She published Blake and Tradition marking her as a leading William Blake scholar and works on Coleridge Yeats and Thomas Taylor subsequently followed Late in life she founded the journal Temenos with the help of Prince Charles and was honored with the Queen s Gold Medal for poetry Using letters documents and personal interviews the extensive research shows how a woman from a modest background used her talents and ambition in spite of the problems that they may cause to achieve worldwide distinction in her chosen field This complete picture of a complex and brilliant individual sympathetically assesses Kathleen Raine s work while throwing a critical light on her private life which was often at odds with her achievements **Modernism and Still Life** Claudia Tobin,2020-03-02 This book takes an original approach to still life in modern literature and the visual arts by examining the potential for movement and transformation in the idea of stillness and the ordinary The Real and the Romantic Frances Spalding,2022-07-07 The 21st

century has seen a surge of interest in English art of the interwar years Women artists such as Winifred Knights Frances Hodgkins and Evelyn Dunbar have come to the fore while familiar names Paul Nash Eric Ravilious and Stanley Spencer have reached new audiences High profile exhibitions have attracted recordbreaking visitor numbers and challenged received opinion In *The Real and the Romantic* Frances Spalding one of Britains leading art historians and critics takes a fresh and timely look at this rich period in English art The devastation of the First World War left the art world decentred and directionless This book is about its recovery Spalding explores how exciting new ideas co existed with a desire for continuity and a renewed interest in the past We see the challenge to English artists represented by C zanne and Picasso and the role played by museums and galleries in this period Women artists writers and curators contributed to the emergence of a new avant garde The English landscape was revisited in modern terms The 1930s marked a high point in the history of modernism in Britain but the mood darkened with the prospect of a return to war The former advance towards abstraction and internationalism was replaced by a renewed concern with history place memory and a sense of belonging Native traditions were revived in modern terms but in ways that also let in the past Surrealism further disturbed the ascetic purity of high modernism and fed into the British love of the strange Throughout these years the pursuit of the real was set against and sometimes merged with an inclination towards the romantic as English artists sought to respond to their subjects and their times *Scottish Studies Review* ,2004 **Resurgence** ,2010 **Bibliography of Scotland** ,1982 Artists in Britain since 1945 David Buckman,2006 *Giacometti: Critical Essays* Peter Read,2017-07-05 *Giacometti Critical Essays* brings together new studies by an international team of scholars who together explore the whole span of Alberto Giacometti s work and career from the 1920s to the 1960s During this complex period in France s intellectual history Giacometti s work underwent a series of remarkable stylistic shifts while he forged close affiliations with an equally remarkable set of contemporary writers and thinkers This book throws new light on under researched aspects of his output and approach including his relationship to his own studio his work in the decorative arts his tomb sculptures and his use of the pedestal It also focuses on crucial ways his work was received and articulated by contemporary and later writers including Michel Leiris Francis Ponge Isaku Yanaihara and Tahar Ben Jelloun This book thus engages with energising tensions and debates that informed Giacometti s work including his association with both surrealism and existentialism his production of both high art and decorative objects and his concern with both formal issues such as scale and material and with the expression of philosophical and poetic ideas This multifaceted collection of essays confirms Giacometti s status as one of the most fascinating artists of the twentieth century **Chapman** ,1987 **The Scottish Musical Magazine** ,1922 **The Edinburgh University Calendar** University of Edinburgh,1924 Bye-gones, Relating to Wales and the Border Counties ,1900 Life, Times and Work of William Gillies, 1898-1973 Andrew McPherson,2024-11-30 For seventy years William Gillies has been seen as a placid painter of landscape and decorative still life Andrew McPherson explodes this view to reveal

a modernist whose response to the instabilities and violence of modernity touched universals of human experience Gillies' idiom was shaped by institutions for artistic production unique to Scotland But it was the politics of Scotland's connections to the rest of the British Isles that produced his mythic and misleading reputation New paintings and new meanings are uncovered placing the micro effects of modernity on mental health family and community in the wider contexts of war nationalism and public patronage McPherson also shows how this changing world led Gillies towards new applications of modernist expression Lavishly illustrated and referencing almost one thousand works this major reappraisal is an indispensable source on the cultural politics of a four nation state and the reception of modernism in Britain Choice Timothy Clifford, Royal Scottish Academy, 2005 Since taking the helm of the National Galleries of Scotland in 1984 Sir Timothy Clifford has overseen the acquisition of some of the finest and best loved works in the national collection This book chronicles the development of the collection under his directorship and casts light upon the wide range of acquisitions including the fascinating stories behind their purchase Lavishly illustrated highlights of the book include *The Virgin Adoring the Sleeping Christ Child* by Botticelli *The Three Graces* by Canova purchased jointly with the Victoria and Albert Museum London and the most recent major acquisition *Venus Anadyomene* by Titian Works from the Scottish National Gallery of Modern Art's internationally renowned Surrealist collection are also featured as well as paintings from the Scottish National Portrait Gallery *Alastair Morton and Edinburgh Weavers* Scottish National Gallery of Modern Art, Alastair Morton, 1978 *The British National Bibliography* Arthur James Wells, 2009 *Tate Women Artists* Alicia Foster, 2004-06-15 The Tate Collection houses work by over 250 women artists spanning five centuries In this celebration of women's creative endeavour Alicia Foster explores the achievement of these artists Those included range from the famous to the little known from Mary Beale to Tracey Emin from Eileen Agar to Rachel Whiteread In four chronological introductory essays Alicia Foster discusses the changes in the position of women artists from the seventeenth century when they were restricted in their choice of subject matter and medium and achieved little recognition to the present day art world which encompasses a dazzling array of women painters sculptors conceptual artists and video and film makers The author brings the latest critical analysis to bear on women's art introducing the major developments in its history its interpretation and reception Arranged alphabetically within the four sections texts on each artist survey her life work and exhibition history and give an informed insight into her individual contribution A concise bibliography and listing of women printmakers represented in the Tate provide an invaluable addition to this fascinating book Alicia Foster specialises in the work of women artists and has published on Victorian women artists fashion and artistic identity She is the author of *Gwen John* in the British Artists series *The Burlington Magazine for Connoisseurs*, 1930
