**Then I Found You** Rachel Branton, 2017-10-12 One glimpse into the eyes of a stranger changes everything On the first day of her new life Tawnia McKnight finds herself in Oregon her fifth state in ten years Another new job new friends a heartache left far behind Maybe in Portland she can at last find what she is looking for Maybe she can even forget Bret Winn But when a tragic bridge collapse rocks the city Tawnia is thrust back into the life of the man she thought she'd never see again And with him is a stranger a stranger with inexplicably familiar eyes Soon Tawnia finds herself drawn into a web of confusion and deceit Where did the eccentric Autumn Rain come from and why does she look so much like Tawnia Though Autumn's agony over her missing father seems real there is much in her past that cannot be explained Even more troubling for Tawnia is Bret's interest in Autumn despite Tawnia's own attraction to the mysterious firefighter who once saved Autumn's life Danger looms as Tawnia tries to unravel clues to both the past and the current tragedy in Portland Will she find what she is looking for or will everything she cares about slip once again from her grasp

*Landscape and Earth in Early Modernity* Christine

Göttler, Mia Mochizuki, 2025-10-01 Early modern views of nature and the earth upended the depiction of land Landscape emerged as a site of artistic exploration at a time when environments and ecologies were reshaped and transformed This volume historicizes the contingency of an ever changing elemental world reframing and reimagining landscape as a mediating space in the interplay between the natural and the artificial the real and the imaginary the internal and the external The lens of the unruly reveals the latent landscapes that undergirded their conception the elemental resources that resurfaced from the bowels of the earth the staged topographies that unsettled the boundaries between nature and technology and the fragile ecologies that undermined the status quo of human environs Landscape and Earth in Early Modernity Picturing Unruly Nature argues for an art history attentive to the vicissitudes of circumstance and attributes the regrouping of representation during a transitional age to the unquiet landscape **Laurel Canyon A. J.**

Llewellyn, 2019-08-23 Being gay was taboo in 1966 Even the hipster burger joint Barney's Beanery had a sign up saying Faggots Stay Out It had been there since 1953 LA's teenagers wanted to fight social taboos They wanted freedom For all Taris West moves to Los Angeles on November 12 1966 the very day of the Sunset Riots Taris his brother and cousin who make up a band called Go West find themselves in the middle of the street fight between teenagers and police Although Taris is an eyewitness to the riot taking place on the corner of Sunset and Laurel Canyon he is also eager to explore the mythic hills that are the home to many music legends Soon he's rubbing shoulders with Neil Young Stephen Stills Frank Zappa Sonny and Cher to name a few There's also a slightly mysterious former Air Force officer named Winter who's moved to Laurel Canyon to pursue his own musical fortune Winter is incredible but he also has a weirdo roommate who puts off everybody he meets There's also something strange going on in Winter's Laurel Canyon house Somebody keeps bumping and scraping in the middle of the night and a mural above his bed keeps getting additions as Winter and Taris sleep Can these two broken men find acceptance or even love as history evolves right in front of their eyes Can they make music together And what about the burning civil rights issues of the day Can a little canyon help mend bridges across the universe As Frank Zappa often said Laurel Canyon is freaky man This book has been previously published It has been edited and revised for republication
