The Great Tradition Richard M. Gamble,2023-03-28 Frustrated with the continuing educational crisis of our time concerned parents teachers and students sense that true reform requires more than innovative classroom technology standardized tests or skills training An older tradition the Great Tradition of education in the West is waiting to be heard Since antiquity the Great Tradition has defined education first and foremost as the hard work of rightly ordering the human soul helping it to love what it ought to love and helping it to know itself and its maker In the classical and Christian tradition the formation of the soul in wisdom virtue and eloquence took precedence over all else including instrumental training aimed at the inculcation of useful knowledge Edited by historian Richard Gamble this anthology reconstructs a centuries long conversation about the goals conditions and ultimate value of true education Spanning more than two millennia from the ancient Greeks to contemporary writers it includes substantial excerpts from more than sixty seminal writings on education Represented here are the wisdom and insight of such figures as Xenophon Plato Aristotle Seneca Cicero Basil Augustine Hugh of St Victor Bonaventure Thomas Aquinas Martin Luther John Calvin Erasmus Edmund Burke John Henry Newman Thomas Arnold Albert Jay Nock Dorothy Sayers C S Lewis and Eric Voegelin In an unbroken chain of giving and receiving The Great Tradition embraced the accumulated wisdom of the past and understood education as the initiation of students into a body of truth This unique collection is designed to help parents students and teachers reconnect with this noble legacy to articulate a coherent defense of the liberal arts tradition and to do battle with the modern utilitarians and vocationalists who dominate educational theory and practice The Ultimate Guide to the Names of God Elmer L.
