The Alien Sky Paul Scott,1979 **The Alien Sky** Paul Scott,1967 *Alien Sky* Debbie Viale,2021-05-09 A boy out in a large pasture with several cows grazing peacefully around him The quiet setting became dark and the wind started blowing He saw a bright light approach from the sky **Echoes of an Alien Sky** James P. Hogan,2005-05-01 Eighteen years have passed since the first manned mission to Earth arrived from Venus With the first colonists already establishing themselves across the bright sunny world of clear blue skies and wonderlands of towering mountains and ice deserts Kyal Reen arrives to join the Venusian scientific and archeological teams that are working to reconstruct the story of the mysterious and enigmatic extinct Terran race that once flourished there Studies of Terran geology scientific works and ancient records show that Earth s early peoples witnessed terrifying cataclysmic cosmic events in skies very different from those seen today In his travels among the Terran ruins Kyal meets a biologist called Lorili who is attempting to explain certain baffling similarities between some Terran and Venusian life forms that are irreconcilable with the established fact that Venus is a far younger planet than Earth Formerly aligned with the Progressive activists back on Venus Lorili admires the qualities of tenacity and determination written through Terran history She constructs a theory of Venusians being descended from Terran ancestors However even allowing for the greatly exaggerated time scales that Terran science assigned to the processes of biological and planetary evolution further research shows that there could have been no overlap The Terrans were extinct long before life emerged on Venus But there is a different unexpected answer to the riddle Lorili and Kyal will have to fight for their theory and their lives At the publisher s request this title is sold without DRM Digital Rights Management *Alien Sky* Daniel Arenson,2015-05-05 The Singularity The day the machines gained awareness The day they turned cruel The day they overthrew their makers In a distant star system a planet sized computer unleashes its hosts fleets of warships armies of robots and a swarm of killer drones Their purpose is one destroy all life As the cosmos crumbles one team steps up to the plate The Alien Hunters The Alien Hunters are galactic pest controllers not an army Their spaceship is old and clunky They specialize in crushing the odd space bug not a fleet of vicious machines They re a rolled up newspaper when the cosmos needs an A bomb But they re fast they re brave and they re just foolhardy enough to charge right into battle As the robots spread across the galaxy slaying all in their path the Alien Hunters fly out to meet them The war between life and machine begins **Alien Sky** Justin Nicholes,2013-03-01 Economic turmoil environmental chaos greed murder sometimes the future doesn t feel so different from the now Inside learn to love a digital dog capable of more than just fetching bones meet a space traveling Don Juan and join a pickaxe wielding murderer as he jumps dimensions chasing down the same man again and again Some of the many stories within are humorous others frightful and still others put the alien in alienation but all help us find our own humanity regardless of which planet we call home **Under an Alien Sky** Sue Rupe,2020-02-15 Disoriented and confused Kyla Anderson awakens on an unfamiliar beach instead of her Denver bound plane Forced to accept the fact
