Up Periscope Dr. Eddie Hare Jr., 2021-03-16 The purpose of this project is to share my story and encourage other ministry leaders in their work with the church The calling to follow Jesus is easier said than done Conflict isn t pleasant but it is necessary Church ministry in today s environment is like running a corporation Conflict and crisis arise in every ministry As in the corporate world people are the greatest assets Exploring how to deal with difficult combative complacent and evil people is a true reality From the pulpit it is often said that God will not call you to do anything He has not equipped you for Nevertheless it is also prudent to develop your leadership skills to deal with numerous aspects of church ministry God never promised us this life would be easy but He is bigger than any storm we face in this world And He s always working for our good even in the places where we can t see even in the circumstances that we don t fully understand It s hard to put a storm periscope and the idea of building something together unless you are in a submarine on a covert or clandestine mission in which the periscope rises to check out the landscape This is a strange analogy to try and put together nevertheless we need to up our periscope build a solid foundation and know that the only thing that will last is that which is done for the kingdom of God
