Fire Mountain Norman Springer, 2026-03-10 Ever the same the noiseless entry the quietly spoken request for the lawyer Martin repressed a flash of irritation the little Japanese with his uncanny soft footedness and stereotyped address got upon his nerves However his orders were explicit Mr Smatt would see Dr Ichi without delay or preliminary whenever Dr Ichi favored the office with a visit It was already the third visit that day but orders were orders So Martin inclined his head toward the door of Smatt s private office The Japanese crossed the room He bowed to Martin as stately a bow as if Martin were also an honorable instead of a poor devil of a law clerk then noiselessly as he had entered the outer office Dr Ichi disappeared within Smatt s sanctum Martin turned to his window again But his bright day dream was fled and he could not conjure it back again The view was without charm His thoughts despite himself persisted in centering upon the dapper little figure now closeted with his employer The dandified Jap aroused Martin s interest What manner of client was this Dr Ichi Martin had not seen a single scrap of paper nor had Smatt dropped a single hint concerning the case

Us from Nothing Geoff Bouvier, 2024-11-12 From the big bang to the emergence of Homo sapiens to Kushim and the first recorded use of writing in 3200 BCE to the moon landing in 1969 Us From Nothing is a sprawling history of humanity Striving to answer the big questions Who are we Where did we come from How did we get here Geoff Bouvier has

created a sweeping collection of poetry that gracefully captures the arc of our universe Fifteen billion years ago there was nothing not even light Now we live in a universe that plays host to trillions of galaxies with uncountable stars worlds and maybe even other life Us From Nothing recounts this epic tale in richly imagined yet crisp prose poems that are carefully grounded in historical fact The result is a remarkable poetic retelling of history that challenges us to think deeply not only about where we've come from but also about where we're going
