Sackett Companion Louis L'Amour,2009-02-19 Little did Louis L Amour realize back in 1960 when he published The Daybreakers a novel about two brothers who came west after the Civil War that he had begun creating what would become perhaps North America s most widely followed literary family the Sacketts The stories of ten generations of Sackett men and women as they forged westward from tyranny wracked seventeenth century England across the American continent have captivated readers for three decades through seventeen novels with nearly forty millions copies in print The traditions and adventures of this family of rugged individualists who stand indomitably united when any Sackett is in trouble have inspired country songs a popular television miniseries starring Tom Selleck as Orrin Sackett and Sam Elliot as Tell Sackett thousands
