The Broken Body:

The Broken Body Sarah Coakley, 2024-05-06 A fascinating collection of essays exploring a fresh contemporary approach to the person and doctrine of Jesus Christ How should Christians think about the person of Jesus Christ today In this volume Sarah Coakley argues that this question has to be broken open in new and unexpected ways by an awareness of the deep spiritual demands of the christological task and its strikingly apophatic dimensions by a probing of the paradoxical ways in which Judaism and Christianity are drawn together in Christ even by those issues which seem to break them most decisively apart and by an exploration of the mode of Christ's presence in the eucharist with its intensification breaking and re-gathering of human desires In this sequel to her celebrated earlier volume of essays *Powers and Submissions* Coakley returns to its unifying theme of divine power and contemplative submission and weaves a new web of christological outcomes which remain replete with controversial implications for gender spirituality and ethics *The Broken Body* will be of interest to those working in the fields of systematic theology philosophy of religion early Christian studies Jewish Christian relations and feminist and gender theory Fusing biblical and patristic theology analytic philosophy and spiritual tradition Sarah Coakley has produced a fascinating inspiring and compelling account of Christ's identity and its importance for questions of life Professor Mark Wynn University of Oxford Coakley argues that good Christology arises only from intellectual and spiritual postures learnt by encountering Christ openly This volume subtly and powerfully facilitates such encounter with God and in him with our neighbours especially the Jewish people Professor Judith Wolfe University of St Andrews Everything we have come to expect from Sarah Coakley is here in this extraordinary collection wonderful clarity startling and fruitful comparisons within and beyond the theological canon a brisk defiance of feminist conventions that in turn sharpens and deepens feminist analysis a resistance to cheap theological certainties and an abiding faithfulness anchored in Christ borne aloft by the Spirit Christology is here shown to embrace abjection and jouissance to advocate sacrifice that is itself the end of patriarchal violence and to demand a eucharistic sharing that is incomplete without solidarity to the outcast and the poor themselves the face of the living Christ In these essays Coakley exemplifies the semiotic richness of priest and scholar a breaking open of theological reserves that will transgress startle renew instruct This is sacrifice re-made Professor Katherine Sonderegger Virginia Theological Seminary *The Broken Body : Journey to wholeness* Jean Vanier, **The Broken Body** Alasdair A. theologized and third the ecclesiological convictions necessary to peaceably advance the work of Christ's body after disasters
