The Bushmen:

Origin of the Bushmen and the Rock Paintings of South Africa Samuel Patton Impey, 1926 *The Bushmen* Megan Biesele, 1978 History of the First Bushmen's Club in the Australian Colonies, Established at Adelaide, South Australia William Mark Hugo, 1872 *Pygmies & Bushmen of the Kalahari* S. S. Dornan, 1925 **Testament to the Bushmen** Laurens Van der Post, Jane Taylor, 1985 **The Bushmen** Jirō Tanaka, 2014

The Bushmen archives nearly 50 years of research with some of Southern Africa's remotest groups. Author Jiro Tanaka's deep connection with his subject matter is evident through his insightful and often touching stories and reflections on a rich and challenging life. Work Tanaka interweaves ethnographic materials with broader reflections on the changes that have beset Bushman groups carried by waves of global political and economic developments. While some of the characteristics of the process of transformation are specific to Bushman society, many others are shared by other indigenous and minority societies around the world. The book analyzes the transformation process from this perspective and at the same time serves as a catalyst for readers to look back and question the state of our own civilization. This book chronicles the ecology, society, and lifeways of the Bushmen before settlement and their mixed fate afterward. Tanaka's efforts continue through the many students now working there. This book is a rather breathless overview of the 50-year adventure. It is a wonderful read. Recommended Choice Vol 52 No 3 November 2014. Subject: Ethnography, Anthropology, African Studies, Indigenous Studies.

Published by the South African colonial administration in the late 1920s, the purpose of this book was to present to the League of Nations a short sketch of each of the principal tribes in Namibia. Three of the chapters were written by Heinrich Vedder: The Herero, The Namas, The Berg Damara, while the chapters on The Owambos and The Bushmen were written by C. H. L. Hahn and L. Fourie, two South African colonial officials. The articles are mainly concerned with anthropological zoology and

are quite interesting as a distillation of the prejudices of colonial officials and as a reflection of the knowledge they thought they had on the historical ethnological background of the peoples in the territory The interest of the authors lie in magico religious beliefs and superstition physical characteristics puberty and initiation rites laws and customs the holy fire and marriage and courtship while there is less information on social conditions material culture production and trade The contributions by Vedder contain some sections on history based on premises such as that the history of the Berg Damaras commences with the history of missionary activities amongst them There are several photos and a brief bibliography at the end of each chapter Eriksen Moorsom 1989 **The Encyclopaedia Britannica** Hugh Chisholm,1910
