**The Rescue of Belsen's Diamond Children** Bettine

Siertsema,2022-08-11 This book uncovers the history of a group of Jewish workers and merchants in the Amsterdam diamond industry during the Holocaust They and their families were exempt from deportation for a long time but were eventually deported to Bergen Belsen In the end almost all of the men perished and the women barely survived slave labour Their children were left to die in the camp but were miraculously saved by the intervention of a Jewish Polish woman nurse Luba The main sources on which this book is based are video testimonies of the surviving members of this group personal interviews minutes of interviews taken down in shorthand shortly after the war and personal documents such as letters archival documents and autobiographical books *The People's Blue Book* Charles Tennant,1872 2012...*The Year Jesus*

*(Yeshua) Finally Came Back to Earth* Dante P. Chelossi Jr,2012-09-13 This controversial subject matter about the return of Jesus Yeshua to earth in modern times to come face to face with humanity once again after almost twenty centuries has been something thought about and anticipated by millions of people since the time of his physical departure There is also the human curiosity about what would happen if and when he did actually return to earth There have been many times when this event was predicted over the centuries about when he would arrive and every time it did not happen Patience and faith still continued afterwards after much disappointment of the believers This hope of his return is embedded within the souls of millions of people on our planet Even though this story in this book is fiction it will still make the reader wonder about how he or she would react if someone were to show up one day in the near future on a world stage and declare that he is indeed the very same man that modern day people call Jesus Yeshua who was crucified on a wooden cross almost two thousand years ago by the Romans Certainly unarguable proof from this man claiming to be Jesus Yeshua would need to be so utterly convincing that even nonbelievers who are not necessarily religious would be convinced without argument The author will be able to show an event that he has created in this book and prove to anyone that if this event were to actually happen before their eyes it would be hard for them to deny that this person is in fact who he claims to be This event is so extraordinary and unbelievable that denial that this person is Jesus Yeshua would be impossible STOP THINKING START LIVING Ethan
