

The Logjam

**David Schoenbrod, Richard B.
Stewart, Katrina M. Wyman**

The Logjam:

Breaking the Logjam David Schoenbrod, Richard B. Stewart, Katrina M. Wyman, 2010-04-06 After several decades of significant but incomplete successes environmental protection in the United States is stuck Administrations under presidents of both parties have fallen well short of the goals of their environmental statutes Schoenbrod Stewart and Wyman distinguished scholars in the field of environmental law identify the core problems with existing environmental statutes and programs and explain how Congress can fix them Based on a project the authors led that incorporated the work of more than fifty leading environmental experts this book is a call to action through public understanding based on a nonpartisan argument for smarter more flexible regulatory programs to stimulate the economy and encourage green technology

Muscatatuck River Local Protection Project, Log Jam Removal Near Little York, 1973 *Breaking the Logjam* Charles Victor Barber, Nels Johnson, Emmy Hafild, 1994 *Lower Mississippi Delta Region: Heritage study*, 1998 **Lower Mississippi Delta Region**, 1998 *Heritage Study, Lower Mississippi Delta Region, Etc., Vol. 2, September 1998*, 1998

Breaking the Logjam, 2008 **A Regulatory Framework to Remediate the Planet** Robert Smet, 2026-01-08 This book develops a core environmental regulatory strategy that will rigorously facilitate such critical outcomes as a circular economy a CO2 mitigation strategy and a means to restore eco systems *Up the Creek* Doug McKown, 2004-01-28 Nothing drives home the importance of safety in the wilderness like real life stories of what can happen when these issues are ignored even for a moment In *Up the Creek* some of the most experienced canoeists in North America confess their mistakes in true tales of hypothermia near drowning close encounters with rapids and more Fifty stories grouped by theme Live and Learn Random Acts of Nature The Choices People Make and others Introductory chapter outlines principles of canoeing safety and judgment Closing chapter reinforces the lessons of each story **The First Peacetime Draft** John Garry Clifford, 1986 Using the Selective Service Act of 1940 as a focus to illuminate the evolution of American policy and attitudes toward the Second World War *The First Peacetime Draft* unites exhaustive research with crisp narrative and trenchant analysis It is a first rate work Arthur Schlesinger Jr author of *The Age of Roosevelt* and *The Imperial Presidency* *The Treason Trials of Aaron Burr* Peter Charles Hoffer, 2008 Aaron Burr was an enigma even in his own day Founding Father and vice president he engaged in a duel with Alexander Hamilton resulting in a murder indictment that effectively ended his legal career And when he turned his attention to entrepreneurial activities on the frontier he was suspected of empire building and worse In the first book dedicated to this important case Peter Charles Hoffer unveils a cast of characters ensnared by politics and law at the highest levels of government including President Thomas Jefferson one of Burr's bitterest enemies and Chief Justice John Marshall no fan of either Burr or Jefferson Hoffer recounts how Jefferson's prosecutors argued that the mere act of discussing an overt Act of War the constitution's definition of treason was tantamount to committing the act Marshall however ruled that without the overt act no treasonable action had occurred and neither discussion nor conspiracy could be

prosecuted Subsequent attempts to convict Burr on violations of the Neutrality Act failed as well BOOK JACKET **The American Presidency** Forrest McDonald,1994 McDonald explores how and why the presidency has evolved into such a complex and powerful institution unlike any other in the world He chronicles the presidency s creation implementation and evolution and explains why it s still working today despite its many perceived afflictions *Railway Progress* ,1950

Fishing in the Olympics Edward B. Webster,1923 **California. Court of Appeal (2nd Appellate District). Records and Briefs** California (State)., Paving the Way Michael R. Fein,2008 Tells the surprising story of how road construction helped to pave the way to the modern American state Shows how the growing transportation needs of a steadily industrializing population changed political order from local to state and ultimately to federal governance **The Age of Deficits** Iwan W. Morgan,2009 This first historical study of U S budget policy covering the last three decades places the budget at the center of modern American politics and adds an important dimension to the understanding of recent events

The Union that Shaped the Confederacy William C. Davis,2001 This biography tells how two Georgia men Robert Toombs and Alexander H Stephens dominated the formation of the Confederacy and served as its vice president and secretary of state 2 photos *Arsenal of World War II* Paul A. C. Koistinen,2004 Prolific munitions production keyed America s triumph in World War II but so did the complex economic controls needed to sustain that production Artillery tanks planes ships trucks and weaponry of every kind were constantly demanded by the military and readily supplied by American business While that relationship was remarkably successful in helping the U S win the war it also raised troubling issues about wartime economies that have never been fully resolved Paul Koistinen s fourth installment of a monumental five volume series on the political economy of American warfare focuses on the mobilization of national resources for a truly global war Koistinen comprehensively analyzes all relevant aspects of the World War II economy from 1940 through 1945 describing the nation s struggle to establish effective control over industrial supply and military demand and revealing the growing partnership between the corporate community and the armed services Koistinen traces the evolution of federal agencies mobilizing for war including the National Defense Advisory Commission the Office of Production Management and the Supply Priorities and Allocation Board and then focuses on the work of the War Production Board from 1942 1945 As the war progressed the WPB and related agencies oversaw the military s supply and procurement systems stabilized the economy while financing the war closely monitored labor relations and controlled the shipping and rationing of fuel and food In chronicling American mobilization Koistinen reveals how representatives of industry and the armed services expanded upon their growing prewar ties to shape policies for harnessing the economy and how federal agencies were subsequently riven with dissension as New Deal reformers and anti New Deal corporate elements battled for control over mobilization itself As the armed services emerged as the principal customers of a command economy the military industrial nexus consolidated its power and ultimately succeeded in bending the reformers to its will The product of exhaustive archival research Arsenal of

World War II shows that mobilization meant more than simply harnessing the economy for war it also involved struggles for power and position among a great many interest groups and ideologies Nearly two decades in the making it provides an ambitious and enormously insightful overview of the emergence of the military industrial economy one that still resonates today as America continues to wage wars around the globe

**California. Court of Appeal (1st Appellate District).
Records and Briefs** California (State).

The Logjam Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the ability of words has become more evident than ever. They have the capacity to inspire, provoke, and ignite change.
