**The Lost Continent** Charles John Cutcliffe Wright Hyne, 2015-11-26 The finest tale ever written of fabled Atlantis The Lost Continent is a sweeping fiery saga of the last days of the doomed land Atlantis at the height of its power and glory is without equal It has established far flung colonies in Egypt and Central America and its mighty navies patrol the seas The priests of Atlantis channel the elemental powers of the universe and a powerful monarch rules from a staggeringly beautiful city of pyramids and shining temples clustered around a sacred mountain Mighty Atlantis is also decaying and corrupt Its people are growing soft and decadent and many live in squalor Rebellion is in the air and prophecies of doom ring forth Into this epic drama of the end of time stride two memorable characters the warrior priest Deucalion stern just and loyal and the Empress Phorenice brilliant ambitious and passionate The old and new Atlantis collide in a titanic showdown between Deucalion and Phorenice a struggle that soon affects the destiny of an entire civilization

*The Lost Continent* Edgar Rice Burroughs, 2021-02-04 What could it mean I had left Alvarez in command He was my most loyal subordinate It was absolutely beyond the pale of possibility that Alvarez should desert me No there was some other explanation Something occurred to place my second officer Porfirio Johnson in command I was sure of it but why speculate The futility of conjecture was only too palpable The Coldwater had abandoned us in midocean Doubtless none of us would survive to know why The young man at the wheel of the power boat had turned her nose about as it became evident that the ship intended passing over us and now he still held her in futile pursuit of the Coldwater Bring her about Snider I directed and hold her due east We can't catch the Coldwater and we can't cross the Atlantic in this Our only hope lies in making the nearest land which unless I am mistaken is the Scilly Islands off the southwest coast of England Ever heard of England Snider There's a part of the United States of North America that used to be known to the ancients as New England he replied Is that where you mean sir No Snider I replied The England I refer to was an island off the continent of Europe It was the seat of a very powerful kingdom that flourished over two hundred years ago A part of the United States of North America and all of the Federated States of Canada once belonged to this ancient England Europe breathed one of the men his voice tense with excitement My grandfather used to tell me stories of the world beyond thirty He had been a great student and he had read much from forbidden books In which I resemble your grandfather I said for I too have read more even than naval officers are supposed to read and as you men know we are permitted a greater latitude in the study of geography and history than men of other professions
