The Love:

The Love That We Are Uwa Hunwick,2012-12-21 Why is it that all humanity yearns so much for love Is there anything or anyone who does not want to love and be loved Why do we feel a special somethinga merging with when we are in love or hear the four letter wordlove Could it not be because love touches the core essence of our beings and we react the way we do because the love atoms and molecules of our bodies recognize and identify with it It rings their bells in a manner of speaking You will also observe that more song lyrics in the whole world are about love given found longed for rejected lost etc Furthermore one cannot deny that scientific experiments and natural happenings have proven that animals plants all living things react favorably when approached and treated with love Typically a dog senses when we exhibit signs of fear dislike or other negative emotions which are at variance with the attributes of living love Whereas a show of confidence tolerance and good disposition toward animal and man which are acceptable derivative attributes of living lovewill calm them and restore their confidence because like recognizes like THE ELIXIR OF IMMORTALITYmany have journeyed far and wide seeking to find the elixir of life Some think it is a magical potion that gives immortality and the quest for this portion has consumed these In a journey through the pages of this book each reader unveils for himself the logical reasons why this elixir of life is very necessary for all This book points boldly to very simple but sure pathway to this elixir of life and as I traveled through its pages not only did I move from seeking to enlightenment from understanding to knowing and then from awakening to liberating happiness because I went through a transformation I found LIVING LOVE This experience is my wish for all mankind Mrs Valentina Aninyei

Its subject is the fate of one of the world's greatest civilizations over thirteen centuries: its rulers, wars, and society and the events that led to its disastrous collapse. Here, in volumes three and four, Gibbon vividly recounts the waves of barbarian invaders under commanders such as Alaric and Attila who overran and eventually destroyed the West. He then turns his gaze to events in the East where even the achievements of the Byzantine emperor Justinian and the campaigns of the brilliant military leader Belisarius could not conceal the fundamental weaknesses of their empire. With more than 1,700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. From the Trade Paperback edition

The Holy Bible, Containing the Old and New Testaments, 1929 *Thomas F. Torrance* Paul D. Molnar, 2016-02-17 This book provides an important study of the theology of Thomas F. Torrance who is generally considered to have been one of the most significant theologians writing in English during the twentieth century with a view toward showing how his theological method and all his major doctrinal views were shaped by his understanding of the doctrine of the Trinity. Torrance pursued a theology that was realist because he attempted to think in accordance with the unique nature of the object that is known. In holding to such a methodology he drew an analogy between theology and natural science. This book demonstrates how for Torrance God relates with humanity within time and space so that creation finds its meaning in relation to God and not in itself. This enabled him to avoid many theological pitfalls such as agnosticism, subjectivism, and dualism while explaining the positive implications of various Christian doctrines in a penetrating and compelling manner. This book offers an important resource for students of theology and for scholars who are interested in seeing how serious dogmatic theology shapes and should shape our understanding of the Christian life *The autobiography and reminiscences of W.M. Cowper*, 1902
