UNO Prisms Jerah Johnson, 1983-01-01 **Sitting in and Speaking Out** Jeffrey A. Turner, 2010 In *Sitting In and Speaking Out* Jeffrey A. Turner examines student movements in the South to grasp the nature of activism in the region during the turbulent 1960s. Turner argues that the story of student activism is too often focused on national groups like Students for a Democratic Society and events at schools like Columbia University and the University of California at Berkeley. Examining the activism of black and white students, he shows that the South responded to national developments but that the response had its own trajectory, one that was rooted in race. Turner looks at such events as the initial desegregation of campuses, integration's long aftermath as students learned to share institutions, the Black Power movement, and the antiwar movement. Escalating protest against the Vietnam War tested southern distinctiveness, says Turner. The South's tendency toward hawkishness impeded antiwar activism, but once that activism arrived, it was as in other parts of the country, oriented toward events at national and global scales. Nevertheless, southern student activism retained some of its core characteristics. Even in the late 1960s, southern protesters' demands tended toward reform, often eschewing calls to revolution increasingly heard elsewhere. Based on primary research at more than twenty public and private institutions in the deep and upper South, including historically black schools, *Sitting In and Speaking Out* is a wide-ranging and sensitive portrait of southern students navigating a remarkably dynamic era.

The Arch's Prism Lane Carnes, 2014-10-10 Poetry is the decomposition of reality through the prism of one's experiences. The shadow of light on a page creates the metaphoric realm of the soul. Without imagery, life becomes meaningless. La poesía es la descomposición de la realidad por el prisma de nuestras experiencias. La sombra de luz en la página crea la esfera metafísica del alma. Sin imágenes, la vida carece de significado.

Gender Through the Prism of Difference Maxine Baca Zinn, Pierrette Hondagneu-Sotelo, Michael A. Messner, 2016 *Gender Through the Prism of Difference* adopts a global, transnational perspective on how race, class, and sexual diversity are central to the study of sex and gender. In contrast with other books in this area which tend to focus on U.S. or European viewpoints, this wide-ranging anthology features many articles based on research done elsewhere throughout the world. Now in its fifth edition, the book opens with a revised and updated Introduction that sets the stage for understanding gender as a socially constructed experience. Featuring twenty-eight new readings, this edition covers compelling subjects like transgendered people, intersex issues, men and masculinity, sexual and gender violence, disabilities, obesity, reproductive technologies, educational testing, aging, and ageism, and Occupy Wall Street.

Through the Prism of Difference Maxine Baca Zinn,Pierrette Hondagneu-Sotelo,Michael A. Messner,1997 The editors have gone beyond simply assembling a collection of readings by the leading scholars of sex and gender they introduce a new way to conceptualize the interrelationships between gender relations and other systems of inequality and difference The editors invoke the image of a prism through which different groups are seen not as distinct but in a continuous spectrum The prism approach illustrates the varied ways that gender is constructed relationally and thus experienced differently Toward this end the editors draw from the most recent studies of women and men especially studies of gender relations in the context of different sexual racial ethnic social class physical abilities age and national citizenship contexts Though the majority of articles in the book focus on issues in U S gender relations the editors have included numerous articles that focus on international and transnational factors Together the articles in this book shed critical yet at times optimistic light on the possibilities for change
