Utopia In Performance:

Utopia in Performance Jill Dolan, 2005-11-10 A passionate book that underscores the critical contribution that the theater arts can make to imagining a more just world

Performing Utopia Rachel Bowditch, Pegge Vissicaro, 2017 In her landmark study *Utopia in Performance Finding Hope at the Theatre* Jill Dolan departed from historical writings on utopia which suggest that social reorganization and the redistribution of wealth are utopian efforts to argue instead that utopia occurs in fragmentary utopian moments often found embedded within performance While Dolan focused on the utopian performative within a theatrical context this volume edited by Rachel Bowditch and Pegge Vissicaro expands her theories to encompass performance in public life from diasporic hip hop battles Chilean military parades commemorative processions Blackfoot powwows and post Katrina Mardi Gras to the Philadelphia Mummers Parade Festas Juninas in Brazil the Renaissance Fairs in Arizona and neoburlesque competitions How do these performances rehearse and enact visions of a utopic world What can the lens of utopia and dystopia illuminate about the potential of performing bodies to transform communities identities values and beliefs across time *Performing Utopia* not only answers these questions but offers a diverse collection of case studies focusing on utopias dystopias and heterotopias enacted through the performing body

Performance, Space, Utopia S. Jestrovic, 2012-11-13 Over 20 years after the war in Yugoslavia this book looks back at its two most iconic cities and the phenomenon of exile emerging as a consequence of living in them in the 1990s It uses examples ranging from street interventions to theatre performances to explore the making of urban counter sites through theatricality and utopian performatives

Twenty-First Century Anxieties Merle Tönnies, Eckart Voigts, 2022-10-24 The volume uses an interdisciplinary approach to examine how 21st century British theatre increasingly intercuts dystopian and utopian elements to create innovative strategies for addressing current social and political concerns In the case studies a key role is given to the ways in which the selected plays use real and fictional spaces on stage and thereby manage to construct interactional spaces which the spectators are invited to share

Mason,2018-10-26 Religious practitioners and

theatre-goers have much in common. So much in fact that we can say that religion is often a theatrical phenomenon and that theatre can be a religious experience. By examining the phenomenology of religion we can in turn develop a better understanding of the phenomenology of theatre. That is to say religion can show us the ways in which theatre is not fake. This study explores the overlap of religion and theatre especially in the crucial area of experience and personal identity. Reconsidering ideas from ancient Greece, premodern India, modern Europe and the recent century, it argues that religious adherents and theatre audiences are largely themselves the mechanisms of their experiences. By examining the development of the philosophy of theatre alongside theories of religious action, this book shows how we need to adjust our views of both. Featuring attention to influential notions from Plato and Aristotle from the *Natyashastra* from Schleiermacher to Sartre, Bourdieu and Butler and considering contemporary theories of performance and ritual, this is vital reading for any scholar in religious studies, theatre and performance studies, theology or philosophy. *High Fidelity*, 1978. Contains records in review.

Performing the 'New' Europe Karen Fricker, Milija Gluhovic, 2013-05-13. Bringing together the voices of scholars from Europe and North America with those of key contest stakeholders, *Performing the New Europe: Identities, Feelings and Politics in the Eurovision Song Contest* argues that this popular music competition is a symbolic contact zone between European cultures, an arena for European identification in which both national solidarity and participation in a European identity are confirmed and a site where cultural struggles over the meanings, frontiers and limits of Europe are enacted. This exciting collection explores the ways in which European artists perform, disavow and contest their racial, national and sexual identities in the Eurovision Song Contest (ESC) and asks difficult questions about European inclusions and exclusions: the contest reflects it, suggests the ESC as an ever-evolving network of peoples and places transcending both historical and geographical boundaries of Europe that brings into being new understandings of the relationship between culture, space and identities. **Diasporic Avant-Gardes** Carrie Noland, Barrett Watten, 2009-08-15. *Diasporic Avant Gardes* draws into dialogue two differing traditions of poetic practice: the diasporic and the avant-garde. This interdisciplinary collection examines the unacknowledged affinities and crucial differences between avant-garde and diasporic formal strategies and social formations. The essays foreground the creation of experimental forms and investigate the specific contexts of cultural displacement and language use that inform their poetics. **The Best Plays Theater Yearbook**, 2006. *Liminality, Play and the "adolescent Performative"* Jessica Louise Holt, 2007. *A Collection of the 21st AIAA International Communications Satellite Systems Conference and Exhibit Technical Papers*, 2003. **The Cambridge Review**, 1894.
