

The Cardinal

John Addington Symonds

The Cardinal:

Niccolò Ridolfi and the Cardinal's Court Lucinda Byatt, 2022-08-29 Niccolò Ridolfi 1501-50 was a Florentine cardinal, nephew and cousin to the Medici popes Leo X and Clement VII, and he owed his status and wealth to their patronage. He remained actively engaged in Florentine politics above all during the years of crisis that saw the Florentine state change from republic to duchy. A widely respected patron and scholar throughout his life, his sudden death during the conclave of 1549-50 led to allegations of poison that an autopsy appears to confirm. This book examines Cardinal Ridolfi and his court in order to understand the extent to which cardinalate courts played a key part in Rome's resurgence and acted as hubs of knowledge located on the fault lines of politics and reform in church and state, hospitable spaces that can be analysed in the context of entanglements in Florentine and Roman cultural and political patronage and intersections between the princely court and a more professional and complex knowledge and practice of household management in the consumer and service economy of early modern Rome. Based on an array of archival sources and on three treatises whose authors were closely linked to Ridolfi's court, this monograph explores these multidisciplinary intersections to allow the more traditional fields of church and political history to be approached from different angles. *Niccolò Ridolfi and the Cardinal's Court* will appeal to all those interested in the organisation of these elite establishments and their place in sixteenth-century Roman society, the life and patronage of Niccolò Ridolfi in the context of the Florentine exiles who desired a return to republicanism, and the history of the Roman Catholic Church.

The Cardinal's Snuff-box Henry Harland, 1903 **The Official Catholic Directory and Clergy List**, 1907 **The Catholic Directory for the Clergy and Laity in Scotland**, 1903 *The Cardinal* Henry Morton Robinson, 2013-02-26 An absorbing, magnificent novel about an ordinary Irish Catholic man who ascends the church hierarchy to become Cardinal in the early twentieth century. *Boston Herald*: A selection of the Literary Guild. *The Cardinal* was published in more than a dozen languages and sold over two million copies. Later made into an Academy Award-nominated film directed by Otto Preminger and starring John Huston, the book tells a story that captured the nation's attention: a working-class American's rise to become a cardinal of the Catholic Church. The daily trials and triumphs of Stephen Fermoye from the working-class suburbs of Boston drive him to become first a parish priest, then secretary to a cardinal, later a bishop, and finally a wearer of the Red Hat. An essential work of American fiction that remains even more relevant today. Extraordinary, controversial, first-rate storytelling and characterization that has enormous appeal. *Kirkus Reviews*.

Bulletin National Catholic Welfare Council (U.S.), 1921 *The Cardinal* June Osborne, 2010-07-22 This informative guide follows a year in the life of the Northern Cardinal with evocative text and gorgeous color photography. Author June Osborne and photographer Barbara Garland capture the beauty and intrigue of this striking songbird. They describe how cardinals stake out territory and choose mates, find a nesting site and incubate their eggs, feed the young, and prepare them for full-fledged independence. *The Cardinal* also explores the special relationship that humans have with their favorite

redbirds Osborne traces the symbolic use of cardinals as state birds and athletic mascots and shows how they appear on everything from postage stamps to Christmas cards as well as in fine art literature and Native American folklore
