**Tell About the South** Fred Hobson,1983-10-01 In this insight studded work that established him as the premier interpreter of southern literary culture Fred Hobson explores the southern urge toward self examination the seeming compulsion of southern writers to discuss their region some defending it others damning it He focuses on fourteen practitioners of the southern genre of regional confession who wrote between 1850 and 1970 showing how they in many cases linking their own destinies with the fate of the South produced deeply felt impassioned books that sought to explain the region to outsiders as well as to fellow southerners and perhaps most of all to themselves
