charge up San Juan Hill Cuba he returned home a military hero and was rewarded with the governorship of New York In what he called his spare hours he fathered six children and wrote fourteen books By 1901 the man Senator Mark Hanna called that damned cowboy was vice president Seven months later an assassin's bullet gave TR the national leadership he had always craved His is a story so prodigal in its variety so surprising in its turns of fate that previous biographers have treated it as a series of haphazard episodes This book the only full study of TR's pre presidential years shows that he was an inevitable chief executive It was as if he were subconsciously aware that he was a man of many selves the author writes and set about developing each one in turn knowing that one day he would be President of all the people
