Linder, 1983      **Drafting Methods** Douglas Stanley Trowbridge, 1925      *Confronting Failures of Justice* Paul H. Robinson, Jeffrey Seaman, Muhammad Sarahne, 2024-08-06

Most murderers and rapists escape justice a horrifying fact that has gone largely unexamined until now This groundbreaking book tours nearly the entire criminal justice system examining the rules and practices that regularly produce failures of justice in serious criminal cases Each chapter outlines the nature and extent of justice failures in present practice describing the interests at stake and providing real world examples Finally each chapter reviews proposed and implemented reforms that could balance the competing interests in a less justice frustrating manner and recommends one sometimes completely original reform to improve the system A systematic study of justice failures is long overdue As this book discusses regular failures of justice in serious criminal cases undermine deterrence and the criminal justice system s credibility with the community as a moral authority The damage caused by unpunished crime is immense and even worse falls primarily on vulnerable minority communities Now for the first time students researchers policymakers and citizens have a resource that explains why justice failures occur and what can be done about them *Confronting Failures of Justice* is accessible for use by college freshman through graduate students and law students and is designed to be main text for a course on justice failures but it could be used in conjunction with other texts in a broad range of courses touching on criminal justice It presents arguments in a highly organized fashion and provides dozens of case studies many with photographs to gain student interest and to bring the academic discussions to life      Methods of Comparative Law P. G. Monateri, 2012-01-01

Comprising an array of distinguished contributors this pioneering volume of original contributions explores theoretical and empirical issues in comparative law The innovative interpretive approach found here combines explorative scholarship and research with thoughtful qualitative critiques of the field The book promotes a deeper appreciation of classical theories and offers new ways to re orient the study of legal transplants and transnational codes *Methods of Comparative Law* brings to bear new thinking on topics including the mutual relationship between space and law the plot that structures legal narratives identities and judicial interpretations a strategic approach to legal decision making and the inner potentialities of the comparative law and economics approach to the field Together the contributors reassess the scientific understanding of comparative methodologies in the field of law in order to provide both critical insights into the traditional literature and an original overview of the most recent and purposive trends A welcome addition to the lively field of comparative law *Methods of Comparative Law* will appeal to students and scholars of law comparative law and economics Judges and practitioners will also find much of interest here      **Commentary on Draft Penal Code** Egypt.
