As to comprehend the study's concerns, the research will call attention to unsustainable speculations of some globalization detractors, such as multiple Balkan writers. However, entering the EU will nearly completely globalize Serbia and Crotaria's economies (Takao 88). The EU is now virtually the whole globe for them, and it will be considered so after the nations join. Such anti-globalization Europeanism might be understood if democracy was vital to them as a market competition regulator and a corrector of social inequalities.

However, admission to the Eu entails globalization of all national markets. As a result, an opponent of globalization in Serbia or Croatia should oppose their nation's entry into the EU.
