Teeth Of The Tiger:

The Teeth of the Tiger Tom Clancy, 2004-07-27 Tom Clancy brings Jack Ryan's son Jack Ryan Jr to the forefront in this New York Times bestselling thriller. A man named Mohammed sits in a cafe in Vienna about to propose a deal to a Colombian. What if they combined his network of Middle East agents and sympathizers with the Colombian's drug network in America? The potential for profits would be enormous and the potential for destruction unimaginable. A young man in suburban Maryland who has grown up around intrigue is about to put his skills to the test. Taught the ways of the world firsthand by agents, statesmen, analysts, Secret Servicemen, and black ops specialists, he crosses the radar of The Campus, a secret organization set up to identify local terrorist threats and deal with them by any means necessary. His name: Jack Ryan Jr.

The Teeth of the Tiger Tom Clancy, 2003 When a terrorist leader and a drug warlord form a dangerous alliance, three new Hendley Associates agents—FBI agent Dominic Caruso, his Marine captain brother Brian, and their cousin Jack Ryan Jr—encounter unexpected dangers. A man named Mohammed sits in a cafe in Vienna about to propose a deal to a Colombian. Mohammed has a strong network of agents and sympathizers throughout Europe and the Middle East, and the Colombian has an equally strong drug network throughout America. What if they were to form an alliance to combine all their assets and connections? The potential for profits would be enormous and the potential for destruction unimaginable. In the Brave New World of terrorism, where anybody with a spare AK-47, a knowledge of kitchen chemistry, or simply the will to die can become a player, the old rules no longer apply. No matter what new governmental organizations come into being, the only truly effective ones are those that are quick and agile, free of oversight and restrictions, and outside the system. Way outside the system. In a nondescript office building in suburban Maryland, the firm Hendley Associates does a profitable business in stocks, bonds, and international currencies, but its true mission is quite different: to identify and locate terrorist threats and then deal with them in whatever manner necessary. Established with the knowledge of President John Patrick Ryan, the Campus is always on the lookout for promising new talent; its recruiters are scattered throughout the armed forces and government agencies, and three men are about to cross its radar. The first is Dominic Caruso, a rookie FBI agent barely a year out of Quantico whose decisive actions resolve a particularly brutal kidnap murder case. The second is Caruso's brother Brian, a Marine captain just back from his first combat action in Afghanistan and already a man to watch. And the third is their cousin, a young man named Jack Ryan Jr. Jack was raised on intrigue. As his father moved through the ranks of the CIA and then into the White House, Jack received a life course in the world and the way it operates, from agents, statesmen, analysts, Secret Service men, and black ops specialists such as John Clark and Ding Chavez. He wants to put it all to work now, but when he knocks on the front door of the Campus, he finds that nothing has prepared him for what he is about to encounter. For it is indeed a different world out there and in here, and it is about to become far more dangerous. *The Teeth of the Tiger* Annotated Maurice LeBlanc, 2020-10-25 The Teeth of the Tiger is a thriller novel written by Tom Clancy and released
