Becoming a solo librarian may be a daunting prospect. From collections to cataloguing, classifying to copyright, whether the individual is a solo librarian within a small team with limited help or working in a larger library or information hub, the range of tasks involved will remain the same. Whilst being a solo librarian does have its fair share of challenges that can include juggling multiple tasks and time management, marketing and embracing the ever-changing technologies and upcoming social media channels, and effectively managing the feeling of being isolated, there are also many advantages.
