New Trends in Marketing and Consumer Science Tarnanidis, Theodore K., Sklavounos, Nikolaos, 2024-05-17

Marketing and consumer science are undergoing a seismic shift propelled by an array of dynamic trends and advancements. Technological advancements along with shifting socioeconomic and geopolitical factors have transformed consumer behaviors and preferences in unprecedented ways. As a result, anticipating emerging trends and adapting strategies accordingly has become essential for success in this dynamic landscape. *New Trends in Marketing and Consumer Science* is the groundbreaking solution poised to revolutionize how academia approaches the study of marketing and consumer science. This book offers a roadmap for scholars to navigate the evolving landscape with confidence and foresight while delving into the trends shaping the future of these disciplines. From AI and machine learning to sustainability and ethical marketing, each chapter provides invaluable insights and practical strategies for addressing the challenges of today and anticipating those of tomorrow.

New Perspectives in Critical Marketing and Consumer Society Elaine Ritch, Jennifer Brown, Julie McColl, Margie Shields, 2024-11-26. This book adopts a unique perspective in critically evaluating new perspectives of marketing that fall within ethical constructs including EDI, equality, diversity, and inclusivity, gendered implications, and perspectives on sustainability, people, and planet, and intersections with consumer culture. Marketing is often criticised as being commercially focused, profit over people. This book suggests that marketers could and should include consideration for progressive societal discourse and provides examples of how this can be conceptualised within current markets by using contemporary marketing examples and insights from consumer society. This edited collection of chapters addresses topical events from the Met Gala to the FIFA World Cup, as well as examining the music, fashion, and media industries to reflect upon the way in which societal ideologies and discourse are evolving. It offers a new contemporary lens through which marketing can be understood within consumer society. The book will be of interest to undergraduate and postgraduate business and marketing students, academics seeking to develop the curriculum, lecture content, and assessment design, and marketers/practitioners who want to engage with topical marketing discourse. It provides a glimpse into the future of markets and marketing.

Decoding the New Consumer Mind Kit Yarrow, 2014-03-31. Take a glimpse into the mind of the modern consumer. A decade of swift and stunning change has profoundly affected the psychology of how, when, and why we shop and buy. In *Decoding the New Consumer Mind*, award-winning consumer psychologist Kit Yarrow shares surprising insights about the new motivations and behaviors of shoppers, taking marketers where they need to be today into the deeply psychological and often unconscious relationships that people have with products, retailers, marketing communications, and brands. Drawing on hundreds of consumer interviews and shop-alongs, Yarrow reveals the trends that define our transformed behavior. For example, when we shop, we show greater emotionality, hunting for more intense experiences and seeking relief and distraction online. A profound sense of isolation and individualism shapes the way we express ourselves and connect with brands, and
