SPY SCIENCE

MISSION

MISSION #1
Periscope - 1st Part

CLASSIFIED

BACKGROUND

The periscope you've been assigned has been specially placed so that you can see over the horizon of the top of the building. This allows you to see over the horizon and across the country. You can see these objects because light always reflects off a mirror. At the same time, it also reflects the image of the object.

OBJECTIVE: The mirrors inside are set at a specific angle so that light reflects in a direction off the horizon and the periscope can see objects above the horizon. A second mirror reflects the light back down to the eye.

MISSION OBJECTIVE

Using your periscope to spy on the enemy, what can you see? Can you see the "TOP SECRET" code? Can you see the "CLASSIFIED" code?
