Excerpt from *Squatter Sovereign or Kansas in the 50 s A Life Picture of the Early Settlement of the Debatable Ground A Story Founded Upon Memorable and Historical Events Whose Characters Have Been Carefully Chosen to Represent the Various Types of Men and Women Who Met Upon the Kansas Plains* Intent on S Having long been deeply impressed with the national significance of the preliminary strife engendered upon the plains of Kansas on the promulgation of the doctrine of Squatter Sovereignty by the determination of each section of the Union to obtain supremacy and filled with admiration for the patriotic and noble souls who led the vanguard of freedom in the irrepressible conflict through hardship and toil through privation and danger through misunderstanding contumely and misrepresentation I have been impelled to disinter some of the leading events from beneath the weight of later memories of the civil war and its great achievements and to embody them while sources of information are still accessible in a more enduring form And believing that the highest form of history is that which makes apparent to the reader the effect of great movements upon individuals and communities I have carefully collected and strung together the threads of fact weaving them into a story with the golden woof of fiction hoping that the web might prove acceptable for the intrinsic value of the material though wrought by a prentice hand About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
