# Squatters Tale

**Arnold Bennett**

## **Squatters Tale:**

**A Squatter's Tale** Ike Oguine, 2023-12-01 Ike Oguine's debut novel *A Squatter's Tale* is a dark and bold story about the life of a Nigerian business man living in exile in America. Obi does not shy away from his flaws: Dishonest, offensive, arrogant, he moves through life caring little about the people around him. Yet when his uncle comes to visit from America, showering him with gifts and selling him tales of a new life, Obi is determined to follow him. After buying a one-way ticket, he quickly realises that neither his uncle nor America are quite what they promised to be. Fast-paced and defiant, *A Squatter's Tale* is an honest insight into the experiences of a Nigerian man living in 1990s America. Few people have read this hilarious novel, but one read is all you need to become a fan. Guardian

**Rationalizing Culture** Georgina Born, 2023-09-01 Anthropologist Georgina Born presents one of the first ethnographies of a powerful western cultural organization, the renowned Institut de Recherche et de Coordination Acoustique Musique IRCAM in Paris. As a year-long participant observer, Born studied the social and cultural economy of an institution for research and production of avant-garde and computer music. She gives a unique portrait of IRCAM's composers, computer scientists, technicians, and secretaries, interrogating the effects of the cultural philosophy of the controversial avant-garde composer Pierre Boulez, who directed the institute until 1992. Born depicts a major artistic institution trying to maintain its status and legitimacy in an era increasingly dominated by market forces and in a volatile political and cultural climate. She illuminates the erosion of the legitimacy of art and science in the face of growing commercial and political pressures. By tracing how IRCAM has tried to accommodate these pressures while preserving its autonomy, Born reveals the contradictory effects of institutionalizing an avant-garde. Contrary to those who see postmodernism representing an accord between high and popular culture, Born stresses the continuities between modernism and postmodernism and how postmodernism itself embodies an implicit antagonism toward popular culture.

Anthropologist Georgina Born presents one of the first ethnographies of a powerful western cultural organization, the renowned Institut de Recherche et de Coordination Acoustique Musique IRCAM in Paris. As a year-long participant observer, Born studied

Mark Twain and the Art of the Tall Tale Henry B. Wonham, 1993 *Mark Twain and the Art of the Tall Tale* explores a predominantly American comic strategy and its role in Mark Twain's fiction. Focusing on the writer's experiments with narrative structure, Wonham describes how Twain manipulated conventional approaches to reading and writing by engaging his audience in a series of rhetorical games, the rules of which he adapted from the conventions of the tall tale in American oral and written traditions. After surveying the rich history of yarn spinning in America, Wonham traces Twain's appropriation of the genre through the course of his career, from *The Innocents Abroad* to *Tom Sawyer*, *Huck Finn*, and *Pudd'nhead Wilson*. He contends that as Twain turned from short sketches to extended travelogues and quasi-fiction, he found in the tall tale a means of dramatizing his disparate comic material. Later, as Twain worked consciously to purge his writing of its anecdotal quality, the oral genre remained central to his imagination, less as a source of comic material than as a paradigmatic encounter between

competing points of view an encounter that resonates throughout the author's major fiction Offering an original interpretation of Twain's narrative and rhetorical techniques this absorbing and readable study will interest Twain enthusiasts and students of nineteenth century American literature as well as anyone interested in American humor and oral narrative traditions
