Visions and Revisions of Europe Karolina Czerska-Shaw, Marcin Galent, Bożena Gierat-Bieroń, 2018 Visions and Revisions of Europe offers a multidisciplinary debate on the various political social and cultural issues that are at the heart of contemporary European discourse with a focus on the relations between the so called New and Old Europe A range of possible scenarios for the future of the EU as well as a discussion of the factors affecting current crises are at the forefront of the debate which lead the reader to reflect upon often overlooked aspects of European integration such as Germany's hegemonic role in the Union or historical narratives and myths that need to be deconstructed and critically analysed Contemporary populist movements also play a key role as do the often difficult processes of migration and EU mobility which reveal the tensions fears and lines of exclusion in contemporary European societies Finally the role of values namely an adherence to human rights and responsibility over the global social order which in the 1970s was a cornerstone of EU discursive action and identity building serves as a lasting point of reflection on the uncertain future of the EU's axio normative directions
