**The Genesis Chronicles** Johnnie Jones,2021-03-30 A revision of the 2015 edition Reformatted and repackaged novel that covers all fifty chapters of the Bible s book of Genesis *The Genesis Chronicles* Stephen Mills,2005-03-03 The Genesis Chronicles tells the story of Genesis via a series of dialogues between grandfathers and grandsons It mixes humor with serious analysis and application of the key themes of the book By looking at the lives of Noah Abraham Sarah Isaac Rebekah Joseph etc we are challenged to examine our own lives This book shows us errors to avoid how to respond when we have failed and provides guidelines for living a life that is pleasing to God It reminds us that like the characters of Genesis our lives are a series of triumphs and failures But through it all God never rejects us He is in charge even we cannot sense His presence Specific application questions after every few chapters of the story of Genesis challenge the readers to specifically apply lessons learned to their own lives *Beginnings* Michael E. Register,2011-08 Set in Maryland and the Mountains of Colorado Jessica s world is about to expand beyond what she could have ever imagined As a University Archeology teacher her life has taken on a dull rhythm something almost welcome since her husband s death 18 months prior Now with the introduction of a mysterious stranger her reality is about to shatter as her eyes are opened and she can see the true realities that surround us all realities we are usually blind to Tasked with interpreting a timeless scroll she enters a world of mystery intrigue and certain danger Follow along as she unveils a long forgotten truth a truth her newly discovered enemies do not want uncovered Join her as her life tumbles into a supernatural world with angelic warriors at her side fighting an ancient evil that seeks to stop the tale from being told once more *The Genesis Chronicles* Glen McBride,2001-05-01 The fifteen stages from Ramepithecus to Homo sapiens sapiens the story of human evolution Sensing rather than seeing the attack Yellowtip swung to face Beta still grasping the branch At full pelt Beta fell directly onto the straight point of the stick With little more than a grunt he wrenched himself back then fell on the ground twitching and was still Yellowtip drew himself erect stick in hand He had not deliberately challenged Beta but by destroying him he should replace him in the hierarchy though young and inexperienced Tensely he stared down at each male in turn inviting challenge One by one they struggled to return his gaze then dropped their eyes and turned aside This was triumph it felt glorious Yellowtip s accidental discovery of weaponry provides the basis for the first chronicle in Glenorchy McBride s personal take on the history of evolution Like many great discoveries over the history of time some of the fifteen steps on the long road from Ramepithecus to Homo sapiens sapiens were serendipitous and some the result of trial and error but all are described with wit and compassion in this entertaining and thought provoking book We squat with Fireboy as he anxiously nurtures the first flickering embers and run with Ton and his beloved wolf cub We sit at Roo s feet as she shares her dreams of the first totem spirit we meet the first artists the first traders the first herders and finally the Sower of seeds the visionary who led her people towards our own modern agriculture Drawing on his long and distinguished career as an internationally recognised ethologist Glenorchy

McBride illustrates each of his chronicles with detailed scientific background material The Genesis Chronicles present a picture of the history of evolution a picture which prompts McBride to ask whether our evolution has fitted us for the world we have created or whether we are irredeemably flawed by our ancestral experiences **The Genesis Chronicles**
