**The Gentle Dragon** Author Cooper,2025-05-19 Kaylani is the last water dragon or she was until a scientist began making hybrids out of dragon DNA She was unable to have her own children even when she mated with the earth dragon Avani He is now permanently mated so having a dragon baby is no longer an option Instead of her own child Kaylani adopted Naida a hybrid created in a laboratory by the mad scientist Oliver using Kaylani s DNA Everett is a human who became a doctor for the dragons He switched his focus from humans to dragons shifters and eventually hybrid and elf anatomy He has worked to find ways to save the hybrids whether from explosives in their brains from shifting into deformed creatures in a hybridization gone wrong or correcting the DNA of the ones whose injected DNA is incompatible killing the hybrid when they shift for the first time Kaylani recognized Everett as her mate the first time she saw him Unlike the other elemental dragons she has no intention of fighting the mate bond and would love nothing more than for Everett to claim her Everett however doesn t feel worthy of the gorgeous water dragon who looks like a goddess However her intelligence and her kindness continue to draw him to her nearly as much as the mate bond pulls her to him They work well together and have opened a school for the laboratory created dragons and hybrids as well as other shifters to help them understand their new lives and ensure that they have a positive future Can Kaylani convince Everett to claim her or are they destined to work side by side never knowing the true love that comes from the dragon bond

Maria Elena Garza,2016-06-17 This short novel is dedicated to my wonderful family my children Cathy Fernando Phillip my grandchildren Jozette Alaena Phoenix and my husband Max The novel is especially written for an audience of young readers or adults who choose to have a childs imagination It was such fun for me to develop the characters and scenes of this mystery It all starts with a womans silhouette that appears on the third floor window of this old Victorian mansion No one in the town of Sneila has ever seen her except when she stands behind the sheer curtain The children of the town look forward to Halloween every year The children together walk down the dirt road to the mansion that sits at the edge of town behind enormously tall trees and a black iron fence Every Halloween the children know that in front of the mansion outside the gate there will be a mysterious white cauldron filled with magic candies for each child The candies are in baggies with each childs name written on the front of the baggie How does she know every childs name Where does this candy come from The children agree that the candy is very different like its out of this world These are only two of the mysteries that exist in the town of Sneila Much mystery lives in the town of Sneila The number of people in this town never changes When one person dies another is born People who die are not buried The number 8 appears throughout the town Sometimes you have to add two digits to find the 8 The infinity symbol appears throughout the novel Magic turtles surface and communicate with the two main characters Samantha and Victoria Flickering lights hidden doors basement baskets spaceships magic turtles mysterious bubbles candles and fairies create a magical kingdom Wrinkles and gray hair are witnesses to times past The surprise ending is sure to give you goose bumps Other books from the author include the following Sleepy Tears Laughing Tears Sleepy Tears Miss You Tears Gods Love is Real poetry book Friends and Angels poetry book The Secret Meeting of the Sworceracs A
