Antifascism, Sports, Sobriety Julius Deutsch, 2017-02-01 The Austromarxist era of the 1920s was a unique chapter in
socialist history Trying to carve out a road between reformism and Bolshevism the Austromarxists embarked on an ambitious
journey towards a socialist oasis in the midst of capitalism Their showpiece the legendary Red Vienna has worked as a model
for socialist urban planning ever since At the heart of the Austromarxist experiment was the conviction that a socialist
revolution had to entail a cultural one Numerous workers institutions and organizations were founded from education centers
to theaters to hiking associations With the Fascist threat increasing the physical aspects of the cultural revolution became
ever more central as they were considered mandatory for effective defense At no other time in socialist history did armed
struggle sports and sobriety become as intertwined in a proletarian attempt to protect socialist achievements as they did in
Austria in the early 1930s Despite the final defeat of the workers militias in the Austrian Civil War of 1934 and subsequent
Fascist rule the Austromarxist struggle holds important lessons for socialist theory and practice *Antifascism Sports Sobriety*
contains an introductory essay by Gabriel Kuhn and selected writings by Julius Deutsch leader of the workers militias
president of the Socialist Workers Sport International and a prominent spokesperson for the Austrian workers temperance
movement Deutsch represented the physical defense of the working class against its enemies like few others His texts in this
book are being made available in English for the first time The Red Vienna Sourcebook Rob McFarland, Robert B.
