

Antarctica 3D Foldable Circle Research Craft

Materials

- Scissors
- Glue
- Printed circle templates
- String or yarn

Directions

1. Choose your templates. Print the circle templates.
 2. Fill in the templates.
 3. Cut each circle out.
 4. Fold the circle in half vertically.
 5. Start with two circles. Glue the back half of one circle to the left half of the other.
 6. Be sure to glue the back sides together, not the front sides. This allows the writing and/or images to show in the final product.
 7. Next, take circle three and continue with the gluing pattern above.
 8. Before gluing the last two circles together, tape a piece of string or yarn to one side. The string should be about an inch into the circle, long enough hanging out of the top to hang it from the desired height.
 9. Glue the final sides together to make the completed 3D circle craft.
- Be happy and enjoy!
