The Dandy 1984:

The 'Dandy' Book, 1983 **Performing the Dandy** Jose Ignacio Badenes, 2003 Dandyism's queerness both in the traditional sense of its strangeness and oddness regarding conventionality and in the contemporary sense of resisting and contesting imprisoning gender and sexual labels including homosexuality underscores reading Machado and his poetry differently Given the poet's fondness for the visual arts as well as the pictorial quality of his verse the image of the museum functions as an appropriate phenomenological space where to house organize categorize and display Machado's diverse poetry in order to examine and analyze the desires of this dandy period Jacket **The World Politics of Disco Elysium** Vic Castro, Nicholas Kiersey, 2025-06-30 *The World Politics of Disco Elysium* analyzes the distinctive political claims and original arguments on a wide range of international political issues of the highly acclaimed Marxist video game *Disco Elysium 2019* which takes place in a speculative fictional world anchored in a post-Soviet Estonian perspective *Disco Elysium 2019* has been repeatedly acclaimed as one of the best video games of all time This detective role playing game unfolds in a city ruined by a failed communist revolution and occupied by a foreign coalition Furthering recent work in International Relations and popular culture this book claims that the cognitive estrangement of speculative fiction can produce theoretical and political novelty beyond merely reflecting existing political dynamics By placing a metaphor for the Estonian capital Tallinn at the centre of a world *Disco Elysium* produces an estranged Estonian perspective on world politics that challenges dominant Anglo-American views of International Relations while also undermining the opposition between a coherent West and a colonized Rest The contributors from International Relations and Cultural Studies discuss the game's claims on topics such as capitalism neo-liberalism foreign intervention law enforcement fascism colonialism gender disability violence memory revolutionary politics the European Union political realism and international security *The World Politics of Disco Elysium* will be of great interest to students and scholars researching the politics of popular culture post-Soviet politics non-Western International Relations as well as game studies and cultural studies **Reflexivity and International Relations** Jack L Amoureux, Brent J. Steele, 2015-09-25 Reflexivity has become a common term in IR scholarship with a variety of uses and meanings Yet for such an important concept and referent understandings of reflexivity have been more assumed rather than developed by those who use it from realists and constructivists to feminists and post-structuralists This volume seeks to provide the first overview of reflexivity in international relations theory offering students and scholars a text that provides a comprehensive and systematic overview of the current reflexivity literature develops important insights into how reflexivity can play a broader role in IR theory pushes reflexivity in new productive directions and offers more nuanced and concrete specifications of reflexivity moves reflexivity beyond the scholar and the scholarly field to political practice Formulates practices of reflexivity Drawing together the work of many of the key scholars in the field into one volume this work will be essential reading for all students of international relations theory Ultrasound and the Fetal Brain F.A.
