many complexities of women the image of which cannot in reality be so easily split into two oppositional binaries Humphreys then connects 1960s depictions to more current evil twin examples including those in Friends Knight Rider and Sabrina the Teenage Witch

Our Dark Twin Joanna Lehmann,2005-09-28 Our Dark Twin explores the spirit that lurks in the subconscious Dangerous and unpredictable profane yet sublime the Dark Twin is linked to essential truths and patterns woven into the essence of life and is revealed through myths dreams spiritual insights and personal experiences This spirit personifies many character traits that do not conform to society s expectations and some that are potentially destructive but which can paradoxically enable us to both grow and overcome apparently impossible problems The spirit also presents most of us with daunting transitions and traumas Ironically these deliver the key to release a burst of creativity and self confidence if we dare to face our fears and embrace the challenge This book leads us into the Dark Twin s labyrinth
