The Day After Roswell:

The Day After Roswell Philip Corso, 2012-12-11 Since 1947 the mysterious crash of an unidentified aircraft at Roswell New Mexico has fueled a firestorm of speculation and controversy with no conclusive evidence of its extraterrestrial origin until now Colonel Philip J Corso Ret a member of President Eisenhower s National Security Council and former head of the Foreign Technology Desk at the U S Army s Research Development department has come forward to tell the whole explosive story Backed by documents newly declassified through the Freedom of Information Act Colonel Corso reveals for the first time his personal stewardship of alien artifacts from the crash and discloses the U S government s astonishing role in the Roswell incident what was found the cover up and how these alien artifacts changed the course of 20th century history

The Day After Roswell Philip J. Corso, William J. Birnes, 1997 A former Pentagon official describes what the United States armed forces learned from an alien spacecraft that crashed in the New Mexico desert in 1947 and how he turned that information over to defense industry research and development for weapons technology *Summary and Expansion: The Day After Roswell: Philip Corso* Quick Savant, 2021-12-09 Rather than the original text this is an illustrated update with approximately 30 photos summary illustrated study aid and expansion book a form of learning efficiency for *The Day After Roswell* by Philip Corso It includes biographies for each key player It is not an enhancement and replacement at a lower price The Roswell crash not only happened we appropriated sophisticated alien technology and kept it secret Because of our government s nondisclosure of UFO facts Corso s intriguing story would be representative of one of the most important realizations and biggest coverups in all of history His story is logical and embedded with impressive detail Senators generals a secretary of defense a pope and a president were all among the colonel s contacts and none of them came forward to challenge his claims in his New York Times Best Seller the only book about UFOs ever to make the New York Times Best Seller list With his web of important connections in the Pentagon and military quiet and reserved Colonel Corso morphed into the ultimate insider s insider Philip Corso matured into a decorated trustworthy and dedicated military man He advanced to be one of the top intelligence officers in the Army in research and design of foreign technology at the Pentagon a broad classification which would include UFOs A person of exceptional prominence in the national archives in St Louis Missouri according to publisher Simon and Schuster Corso served four years on President Eisenhower s National Security Council Colonel Corso felt obligated in his eighties to pass on to his children grandchildren and the rest of the world some of the details of his most unusual career Because of the secrecy insisted upon by the military for over seven decades regarding UFOs Colonel Corso in a videotaped interview on February 1 2008 said that if he did not share it the story would likely die with him In the same video his son said his father shared only about 10% of what he knew in his best selling book *The Day After Roswell* The rest remained buried under a top secret classification His shocking UFO classic with a foreword by Senator Strom Thurmond whom Corso worked for as an aide after his military career shares enough to persuade even the

most stubborn skeptic that UFOs are not only a reality but that aliens proved themselves to be an existential threat **The Day After Roswell** COL. PHILIP J. CORSO,1998 Backed by documents newly declassified through the Freedom of Information Act Col Philip J Corso Ret former head of the Foreign Technology Desk at the U S Army s Research Development department reveals for the first time his personal stewardship of alien artifacts from the 1947 Roswell crash and discloses the U S government s astonishing role in the Roswell incident what was found the cover up and how these alien artifacts changed the course of 20th century history Photo insert Copyright Libri GmbH All rights reserved [The UFO Experience Reconsidered](#) Moon Books Schooner Moon Books,Robert L. Mason,2008-02-01 This book was inspired by and is loosely based on [The UFO Experience A Scientific Inquiry](#) 1972 by the late Dr J Allen Hynek Dr Hynek s book is generally considered to be the most influential book ever written about UFOs but much has happened since 1972 This new book not only brings us up to date but extrapolates on current science whenever possible Perspectives are offered in three basic categories natural causes domestic technology and alien technology But perhaps more importantly a new way of looking at the phenomena is proposed that has been largely overlooked by other authors and which finds itself at home in any of these three possibilities The reader will not find discussion of conspiracy theories accounts of abductions or metaphysical and supernatural hypotheses However one will find speculations about possible alien visitations what alien technology might be capable of or what the distant future might hold **Invoking the Beyond:** Paul D. Collins,Phillip D. Collins,2020-11-22 The Gnostic revival of the Enlightenment witnessed the erection of what could be called the Kantian Rift an epistemological barrier between external reality and the mind of the percipient Arbitrarily proclaimed by German philosopher Immanuel Kant this barrier rendered the world as a terra incognita Suddenly the world out there was deemed imperceptible and unknowable In addition to the outer world the cherished metaphysical certainties of antiquity the soul a transcendent order and God swiftly evaporated The way was paved for a new set of modern mythmakers who would populate the world out there with their own surrogates for the Divine Collectively these surrogates could be referred to as the Beyond because they epistemologically and ontologically overwhelm humanity In recent years the Beyond has been invoked by theoreticians literary figures intelligence circles and deep state operatives who share some variant of a technocratic vision for the world In turn these mythmakers have either directly or indirectly served elitist interests that have been working toward the establishment of a global government and the creation of a New Man Their hegemony has been legitimized through the invocation of a wrathful earth goddess a technological Singularity a superweapon and extraterrestrial gods All of these are merely masks for the same counterfeit divinity the Beyond [SS Brotherhood of the Bell](#) Joseph P. Farrell,2020-04-02 In 1945 a mysterious Nazi secret weapons project code named The Bell left its underground bunker in lower Silesia along with all its project documentation and a four star SS general named Hans Kammler Taken aboard a massive six engine Junkers 390 ultra long range aircraft The Bell Kammler and all project records disappeared completely along with the gigantic aircraft It is thought to have flown to

America or Argentina As a prelude to this disappearing act the SS murdered most of the scientists and technicians involved with the project a secret weapon that according to one German Nobel prize winning physicist was given a classification of decisive for the war a security classification higher than any other secret weapons project in the Third Reich including its atomic bomb What was The Bell What new physics might the Nazis have discovered with it How far did the Nazis go after the war to protect the advanced energy technology that it represented In The SS Brotherhood of The Bell alternative science and history researcher Joseph P Farrell reveals a range of exotic technologies the Nazis had researched and challenges the conventional views of the end of World War Two the Roswell incident and the beginning of MAJIC 12 the government s alleged secret team of UFO investigators

Beyond Horizons Falcon Futura,2023-12-28 In Beyond Horizons the author invites us to embark on a captivating cosmic journey through the pages of this enchanting book The text immerses us in the moments of silence between the stars where the cosmos hums with the echoes of creation and humanity contemplates its destiny with awe The work transports us beyond the limits of our blue planet and plunges us into the vast tapestry of the universe From the Genesis of Ambition to the Echoes of Legacy each section of the book weaves a compelling narrative that celebrates audacity curiosity and the relentless pursuit of the unknown that defines our odyssey as a species The author paints an inspiring future where national borders fade into the limitless expanse of space transforming Earth s inhabitants into cosmic citizens uniting humanity in a shared quest for knowledge collaboration and a deeper understanding of our place in the cosmic tapestry The narrative reaches new heights by unveiling a vision where the quest for the stars gives rise to technological marvels As readers embark on this odyssey they carry with them the echoes of those who dreamed before The stories of pioneers and visionaries are woven into the fabric of our collective history guiding us with wisdom as we forge a legacy that extends beyond ourselves Beyond Horizons calls us to explore the limitless possibilities that await beyond horizons beyond imagination and beyond the stars Join this literary odyssey where the mysteries of the universe unfold and the spirit of exploration becomes a guiding beacon for humanity toward a future filled with wonder and discovery

Walking Through Walls and Other Impossibilities Milton E Brener,2011-06-09 The goal of the aliens among us is not the study of Earth for purely academic purposes It is something more vital to the aliens and more portentous for us The

picture that emerges from much research makes sense of several aspects of the alien presence previously quite puzzling They apparently are a dying race inhabiting a dying planet They have undoubtedly mastered physical forces and phenomena of which we have not even dreamed But it has come at a terrible cost Their emotional life has been all but lost existing only as a faint remnant from a long distant past They may pity our hopelessly primitive technology but they envy us our robust emotional life Like all living things everywhere they live for the perpetuation of their genes They do not hate us nor do they seek our destruction They seek to create a race of hybrids combining their scientifically superior minds with our rich emotional makeup The ridicule of the entire subject by the government and other forces fearful of upheaval in our society has aggravated the suffering of those chosen and victimized by the aliens who apparently seek ineptly sometimes to minimize it The author combines this scholarly approach with an almost folksy narrative style to make *Walking Through Walls* a very readable and approachable treatise on the phenomena as good as any book on the subject and far more skillfully written than most including those Brener has referenced most frequently Bud Hopkins *Intruders* and Philip Corso's *The Day after Roswell* Blue Ink Review *A Lifetime of Wondering With and About Some Wonderful People and Things* Condon R. Clough, Sr., 2013-05-10 Early memories from a small town in Tennessee during the 1920 s are coupled with life lessons and experiences for the benefit of family friends and others Included is wisdom gained from battling cancer association with the scientific community philosophy and favorite musings creating interesting reading **Summary of William J.
