The Deaf Experience Classics In Language And Education:

The Deaf Experience Harlan Lane, 2006 The seminal study of the antecedents of Deaf culture is now back in print Edited by renowned scholar Harlan Lane The Deaf Experience Classics in Language and Education presents a selection of the earliest essays written by members of the nascent French Deaf community at the time of the Enlightenment a rich period of education for deaf people The fifth volume in the Gallaudet Classics in Deaf Studies series features works written from 1764 up to 1840 Pierre Desloges offers a stirring paean to sign language in an excerpt from his book the first ever published by a deaf person Saboureux de Fontenay and Jean Massieu two prominent leaders relate their respective experiences in autobiographical accounts In separate essays Charles Michel de l'Épée and Roch Ambroise Sicard describe systems for teaching manual French followed by a critique of these methods by Roch Ambroise Béliard a well known hearing friend of Deaf people during that era Ferdinand Berthier a renowned Deaf teacher and writer in the 19th century concludes with a history of Deaf people up to that time The Deaf Experience shows clearly how this extraordinary era of French deaf education influenced the adoption of the manual method by the first schools for deaf students in America in sharp contrast to the oral movement that repressed sign language centered education for nearly a century afterward Deaf studies scholars and students alike will welcome the return of this invaluable resource

Educational and Developmental Aspects of Deafness Donald F. Moores, 1990 Educational and Developmental Aspects of Deafness details the ongoing revolution in the education of deaf children More than 20 researchers contributed their discoveries in anthropology education linguistics psychology sociology and other major disciplines with special concentration upon the education of deaf children Divided into two parts on education at home and in school this incisive book documents breakthroughs such as the public's interest in sign language the increasing availability of interpreters the growing perception of deafness as a social condition not a pathology and other positive trends It is unique as the first purely research based text and reference point for further study of the education of deaf children
