## **The Decline And Fall Of The Lettered City:**

The Decline and Fall of the Lettered City Jean FRANCO, Jean Franco, 2009-06-30 The cultural Cold War in Latin America was waged as a war of values artistic freedom versus communitarianism Western values versus national cultures the autonomy of art versus a commitment to liberation struggles and at a time when the prestige of literature had never been higher The projects of the historic avant garde were revitalized by an anti capitalist ethos and envisaged as the opposite of the republican state The Decline and Fall of the Lettered City charts the conflicting universals of this period the clash between avant garde and political vanguard This was also a twilight of literature at the threshold of the great cultural revolution of the seventies and eighties a revolution to which the Cold War indirectly contributed In the eighties civil war and military rule together with the rapid development of mass culture and communication empires changed the political and cultural map A long awaited work by an eminent Latin Americanist widely read throughout the world this book will prove indispensable to anyone hoping to understand Latin American literature and society Jean Franco guides the reader across minefields of cultural debate and histories of highly polarized struggle Focusing on literary texts by Garc a Marquez Vargas Llosa Roa Bastos and Juan Carlos Onetti conducting us through this contested history with the authority of an eyewitness Franco gives us an engaging overview as involving as it is moving

*Indianizing Film* Freya Schiwy, 2009-04-22 Latin American indigenous media production has recently experienced a noticeable boom specifically in Bolivia Ecuador and Colombia *Indianizing Film* zooms in on a selection of award winning and widely influential fiction and docudrama shorts analyzing them in the wider context of indigenous media practices and debates over decolonizing knowledge Within this framework Freya Schiwy approaches questions of gender power and representation Schiwy argues that instead of solely creating entertainment through their work indigenous media activists are building communication networks that encourage interaction between diverse cultures As a result mainstream images are retooled permitting communities to strengthen their cultures and express their own visions of development and modernization *Indianizing Film* encourages readers to consider how indigenous media contributes to a wider understanding of decolonization and anticolonial study against the universal backdrop of the twenty first century

Unfolding the City Anne Lambright, Elisabeth Guerrero, 2007 The city is not only built of towers of steel and glass it is a product of culture It plays an especially important role in Latin America where urban areas hold a near monopoly on resources and are home to an expanding population The essays in this collection assert that women s views of the city are unique and revealing For the first time *Unfolding the City* addresses issues of gender and the urban in literature particularly lesser known works of literature written by Latin American women from Mexico City Santiago and Buenos Aires The contributors propose new mappings of urban space interpret race and class dynamics and describe Latin American urban centers in the context of globalization Contributors Debra A Castillo Cornell U Sandra Messinger Cypess U of Maryl Guillermo Irizarry U of Massachusetts Amherst Naomi Lindstrom U of Texas Austin Jacqueline Loss U of

**Nightmares of the Lettered City** Juan Pablo Dabove, 2007 Publisher description Beyond Civilization and Barbarism Brendan Lanctot, 2013-12-12 Beyond Civilization and Barbarism examines how various cultural forms promoted competing political projects in Argentina during the decades following independence from Spain This turbulent period has long been characterized as a struggle between two irreconcilable forces the dictatorship of Juan Manuel de Rosas 1829-1852 versus a dissident intellectual elite Most famously Domingo Faustino Sarmiento described the conflict in his canonical *Facundo* 1845 as a clash between civilization and barbarism which has become a catchphrase for the experience of modernity throughout Latin America Against the grain of this durable script Beyond Civilization and Barbarism examines an extensive corpus to demonstrate how adversaries of the period used similar rhetorical strategies appealed to the same basic political ideals of republican government and were preoccupied with defining and interpellating the pueblo or people In other words their collective struggle was fundamentally modern and waged on a mutually intelligible discursive terrain

**The Aesthetic Border** Brantley Nicholson, 2022-05-22 This groundbreaking study examines how modern Colombian literature from Gabriel Garcia Marquez to Juan Gabriel Viquez reflects one of the world's most tumultuous entrances into globalization While these literary icons one canonical the other emergent bookend Colombia's fall and rise on the world stage the period between the two was inordinately violent spanning the Colombian urban novel's evolution into narco literature Marking Colombia's cultural and literary manifestations as threefold this book explores Garcia Marquez's retreat to a rural romanticism that paradoxically made him a global literary icon the country's violent end to the twentieth century when its largest economic export was narcotics and the contemporary period in which a new major author has emerged to create a literature of national reconstitution Harkening back to the Regeneration movement and extending through the early twenty-first century this book analyzes the cultural implications of Colombia's relationship to the wider world
