mere openings or slits narrow and high far out of the assailants reach and piercing the walls without regard to symmetry not as Ruskin would have us believe because irregularity was thought artistic but because the mediaeval architect trained to the uses of necessity knew that he must design openings that should afford no passage to the besiegers arrows no clue to what was going on inside the keep Certainly if an architect were to propose to his client to decorate a room in a moderate sized house in the Louis XIV style and if the client had formed his idea of that style from the state apartments in the palace at Versailles he would be justified in rejecting the proposed treatment as absolutely unsuitable to modern private life whereas the architect who had gone somewhat more deeply into the subject might have singled out the style as eminently suitable having in mind one of the simple panelled rooms with tall 15 windows a dignified fireplace large tables and comfortable arm chairs which were to be found in the private houses of the same period see Plate V About Ogden Codman Jr Ogden Codman Jr the Author Funston writing on Edith Wharton in American National Biography What is most notable about A Backward Glance however is what it does not tell her criticism of Lucretia Jones her mother her difficulties with Teddy and her affair with Morton Fullerton which did not come to light until her papers deposited in Yale s Beinecke Rare Book Room and Manuscript Library were opened in 1968 The Touchstone 1900 The Valley of Decision 1902 Sanctuary 1903 The House of Mirth 1905 Madame de Treymes 1907 The Fruit of the Tree 1907 Ethan Frome 1911 The Reef 1912 The Custom of the Country 1913 Summer 1917 The Marne 1918 The Age of Innocence 1920 The Glimpses of the Moon 1922 A Son at the Front 1923 Old New York 1924 The Mother s Recompense 1925 Twilight Sleep 1927 The Children 1928 Hudson River Bracketed 1929 The Gods Arrive 1932 The Buccaneers 1938 Fast and Loose 1938

Classical Principles for Modern Design

Thomas Jayne, 2018-01-09 Interior designer and decorative arts historian Thomas Jayne takes on the redoubtable Edith Wharton and her co author Ogden Codman whose 1897 book The Decoration of Houses is acknowledged as the Bible of American interior design Wharton and Codman advocated for classical simplicity and balance replacing the excesses of the Gilded Age In Jayne s view The Decoration of Houses is the level headed indispensable book on the subject It is not an overstatement to say that it is the most important decorating book ever written How much of Wharton and Codman s advice and how many of their principles are still applicable today In Classical Principles for Modern Design Jayne argues that Wharton and Codman s fundamental ideas about the proportion and planning of space create the most harmonious and livable interiors whether traditional or contemporary His authoritative and engaging text traces contemporary ideas about design elements and furnishing rooms back to Wharton and Codman and shows where his design approach coincides and where it diverges from their views The book follows the chapter organization of The Decoration of Houses chapters on walls doors windows and curtains ceilings and floors etc and adds important new perspectives on the design of kitchens and the use of color both major subjects that Wharton and Codman did not address Drawing on his own work at Jayne Design Studio Jayne has selected elegant traditional interiors that demonstrate these principles Projects range from a restoration of historic

eighteenth century public rooms in Crichele House in Dorset England to a mountain retreat in the wilds of Montana to an array of luxurious New York City apartments and country houses in the Hudson Valley Captured in lush photographs by Don Freeman and others all speak to Thomas Jayne's commitment to the primacy of function quality and simplicity derived from the ancient tradition of classical design As he says Tradition is not about what was Tradition is now
