The Dedalus Of Greek Fantasy:

The Dedalus Book of Greek Fantasy David Connolly,2004 The Renaissance The dawn of modern civilisation Or the last spasm of mediaeval brutality Thomas Deerham soldier and would be scholar has deserted from the English army in France What should he aim for wealth or wisdom Pleasure or redemption Who can help him Not the deserters and brigands that swarm over France Barely human they offer nothing but death and destruction In his search for a purpose Thomas encounters fools and philosophers friars and merchants humanists and heretics He is consoled by the Secrets of Love discovered in an old book but his curiosity leads him to commit a terrible crime Released from prison he must begin a second quest to save his soul He goes to the East where two faiths are fighting for the greatest city in the world He endures defeat and slavery but a surprising encounter in Rome seems to offer the hope of redemption Publisher **The Palgrave**

Handbook of Global Fantasy Elana Gomel,Danielle Gurevitch,2023-06-07 This handbook is the first of its kind comprehensive overview of fantasy outside the Anglo American hegemony While most academic studies of fantasy follow the well trodden path of focusing on Tolkien Rowling and others our collection spotlights rich and unique fantasy literatures in India Australia Italy Greece Poland Russia China and many other areas of Europe Asia and the global South The first part focuses on the theoretical aspects of fantasy broadening and modifying existing definitions to accommodate the global reach of the genre The second part contains essays illuminating specific cultures countries and religious or ethnic traditions From Aboriginal myths to self representation of Tibet from the appropriation of the Polish Witcher by the American pop culture to modern Greek fantasy that does not rely on stories of Olympian deities and from Israeli vampires to Talmudic sages this collection is an indispensable reading for anyone interested in fantasy fiction and global literature **Translated Poe**

Emron Esplin,Margarida Vale de Gato,2014-10-23 Few if any U S writers are as important to the history of world literature as Edgar Allan Poe and few if any U S authors owe so much of their current reputations to the process of translation Translated Poe brings together 31 essays from 19 different national literary traditions to demonstrate Poe s extensive influence on world literature and thought while revealing the importance of the vehicle that delivers Poe to the world translation Translated Poe is not preoccupied with judging the quality of any given Poe translation nor with assessing what a specific translation of Poe must or should have done Rather the volume demonstrates how Poe s translations constitute multiple contextual interpretations testifying to how this prolific author continues to help us read ourselves and the world s we live in The examples of how Poe s works were spread abroad remind us that literature depends as much on authorial creation and timely readership as on the languages and worlds through which a piece of literature circulates after its initial publication in its first language This recasting of signs and symbols that intervene in other cultures when a text is translated is one of the principal subjects of the humanistic discipline of Translation Studies dealing with the products functions and processes of translation as both a cognitive and socially regulated activity Both literary history and the history of translation benefit from this book s

focus on Poe whose translated fortune has helped to shape literary modernity in many cases importantly redefining the target literary systems Furthermore we envision this book as a fountain of resources for future Poe scholars from various global sites including the United States since the cases of Poe s translations both exceptional and paradigmatic prove that they are also levers that force the reassessment of the source text in its native literature The Collected Poems C.P. Cavafy,2007-09-13 a Greek gentleman in a straw hat standing absolutely motionless at a slight angle to the universe E M Forster E M Forster s description of C P Cavafy 1863 1933 perfectly encapsulates the unique perspective Cavafy brought to bear on history and geography sexuality and language in his poems Cavafy writes about people on the periphery whose religious ethnic and cultural identities are blurred and he was one of the pioneers in expressing a specifically homosexual sensibility His poems present brief and vivid evocations of historical scenes and sensual moments often infused with his distinctive sense of irony They have established him as one of the most important poets of the twentieth century This volume presents the most authentic Greek text of the 154 authorized poems ever published together with a new English translation that conveys the accent and rhythm of Cavafy s individual tone of voice A Contemporary Interpretation of James Joyce's A Portrait of the Artist as a Young Man Indrani Deb,2024-11-27 James Joyce is one of the most well known modernist writers of the twentieth century whose novels are special in that they use a form that he popularized first in English literature the stream of consciousness style The novel A Portrait of the Artist as a Young Man is just as contemporary as it was when it was written at the beginning of the twentieth century It is the aim of Dr Deb to discover the various ways that Joyce uses to bring out the thematic nuances of the novel This book is a collection of nineteen critical essays on James Joyce s A Portrait of the Artist and the author has gone beyond the established critical material on this novel providing analyses from twenty first century lenses This book will serve as a reference point for all types of readers of the novel students scholars teachers and also the common reader Historical Dictionary of Fantasy Literature Brian Stableford,2005-09-29 This Historical Dictionary of Fantasy Literature provides an invaluable guide to the current state of the field The chronology tracks fantasy s evolution from the origins of literature until the 21st century The introduction explains the nature of the impulse to create and shape fantasy literature the problems in defining what it is and the reasons for its changing historical fortunes The dictionary includes more than 700 entries on authors both contemporary and historical and more than 200 entries on fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies **Ulysses Annotated** Don Gifford,Robert J. Östberg,1905 **The Staff Room** Markus Orths,2008 A grotesque absurd satire which is also extremely funny Kranich is a newly qualified teacher about to take up his first job After he arrives at the school he is plunged into a Kafkaesque

environment which has all the worst features of a totalitarian state The four pillars of the school system as the headmaster explains on Kranichs very first day there are fear misery pretense and lies Very soon he finds himself caught between the Education Authority Police Secret Security Officers and the CG the Conspiracy Group that aims to undermine the school system but only verbally since no one would actually want to put their own job at risk [A Key to the Ulysses of James Joyce](#) Paul Jordan-Smith,1927 **The Tempo of Modernity** Gabriel R. Ricci,2017-09-08 The present work is a study in the history of an enduring idea that defines the inner life of the mind and also supplied a substratum for the twentieth century literary imagination and substance for philosophical thinking producing a unique alliance between philosophy and literature This special union was forged by a new holistic conception of time which supplemented and even supplanted the conventional sense of chronological time This temporal turn animated the existential insights of Husserl Heidegger and Bergson but it was grounded in nineteenth century advances in the biological sciences the hegemony of Hegelianism and even stretched back to Augustine s early meditation on time in Book XI of his Confessions In linking together a set of thinkers who addressed this form of temporal consciousness Gabriel R Ricci illuminates a common intellectual preoccupation from the vantage point of a concept The authors do not together assemble the thought it is the thought that produced a collective voice This voice appears in the episodes outlined in each chapter and they are framed by an introduction which explores Joseph Frank s insights into the new spatial forms in literature and an epilogue which resurrects J W Dunne s peculiar dream experiments and theory of precognition Ricci employs Frank s seminal essay to draw comparisons between literature s adaptation of the new time sense and philosophy s expression of the new compatibility between space and time Dunne s theory serves to demonstrate the continuity between literary form and philosophical speculation **Timber and Wood-working Machinery** ,1893 **Introducing Joyce** David Norris,Carl Flint,2000 This book maps Joyce s vision of his beloved Dublin and encourages readers to overcome their doubts about the Irish Sphinx *Encyclopaedia of Religion and Ethics* James Hastings,John Alexander Selbie,Louis Herbert Gray,1928 *Hispania* ,1951 **A History of Greek and Roman Classical Literature** A.
