Erwin Rommel Charles River Charles River Editors, 2017-01-25 Includes pictures Includes Rommel's quotes about his life and the war Includes online resources and a bibliography for further reading Be an example to your men in your duty and in private life Never spare yourself and let the troops see that you don't in your endurance of fatigue and privation Always be tactful and well-mannered and teach your subordinates to be the same Avoid excessive sharpness or harshness of voice which usually indicates the man who has shortcomings of his own to hide Erwin Rommel One of his biographers called him a complex man a born leader a brilliant soldier a devoted husband a proud father intelligent instinctive brave compassionate vain egotistical and arrogant As that description suggests every account of Erwin Rommel's life must address what appears to be its inherent contradictions Fittingly and in the same vein he remains one of the best remembered generals of World War II and history at large despite the fact he was on the losing side and he was defeated at the most famous battle of his career the decisive Battle of El Alamein Nonetheless the Desert Fox has been a legend on both sides of the Atlantic for over 70 years thanks to the crucial role he played in history's deadliest conflict Before his legendary encounters against the British and Americans in North Africa Rommel gained much fame for his role in the invasions of Poland and France before was sent to North Africa in February 1941 In describing Rommel the Italian officer Alessandro Predieri talked about his two very rare and precious gifts The first is luck which you will remember Napoleon prescribed to his generals The second gift is that of being able to keep his bearings in the midst of all the confusion of modern desert warfare His instinct tells him immediately where a difficult situation is going to develop and off he goes with his Kampfstaffel Headquarters Group which he treats like a Praetorian Guard and puts things right charging around like a junior officer With the Axis forces trying to push through Egypt towards the Suez Canal and the British Mandate of Palestine American forces landed to their west in North Africa which ultimately compelled Rommel to try to break through before the Allies could build up and overwhelm them with superior numbers The Second Battle of El Alamein was a turning point in the two-year conflict between Allied forces and a combined German-Italian force in North Africa While the scale of the battle paled in comparison to the battles of the Eastern Front where the majority of German troops were concentrated it still marked an important victory in World War II especially from the British perspective After leaving North Africa Rommel spent much of the later part of the war strengthening German defenses across the Atlantic in anticipation of an amphibious Allied landing which would come in June 1944 But the murky role he played in the notorious July 20 plot on Adolf Hitler's life in 1944 the closest an assassination attempt got to killing the Nazi Fuhrer would bring about the Desert Fox's untimely demise in October 1944 even as the Soviets and Western Allies were tightening the vise on Germany Compelled to take cyanide by authorities the Desert Fox insisted he was innocent until his dying day and his popularity forced the Nazi government to claim his death was brought about by a heart attack or a cerebral embolism In fact Rommel was given an official state funeral and Winston Churchill

would go on to praise him He also deserves our respect because although a loyal German soldier he came to hate Hitler and all his works and took part in the conspiracy to rescue Germany by displacing the maniac and tyrant For this he paid the forfeit of his life

History in 30 Percy Bennington, 2017-12-04 Be an example to your men in your duty and in private life Never spare yourself and let the troops see that you don't in your endurance of fatigue and privation Always be tactful and well mannered and teach your subordinates to be the same Avoid excessive sharpness or harshness of voice which usually indicates the man who has shortcomings of his own to hide Erwin Rommel The 20th century was a century full of conflict and strife not seen before on a global scale While there were multiple conflicts that spanned over many years the two World Wars marked the century During both World Wars the Germans were found on the losing end but that is not to say that those armies were void of brilliance quite to the contrary The German Army of World War I was one of the most well rounded and destructive war machines in history and if anything the death knell to the German side during the First World War was the fact that the Germans had weak allies and spent considerable resources and time to try to prop up other empires like Austria and the Ottoman Turks World War II was an entirely different story The Germans were angry after the First World War and using public sway and anger Adolf Hitler took power in the 1930s Unlike the earlier army the German Army of the Second World War committed some of the most grotesque and unforgivable atrocities in the history of mankind This isn't to say that the German commanders and soldiers were all bad and of all the men who fought for the Reich the one with the most sterling reputation is Erwin Rommel the Desert Fox Rommel rose through the ranks of the German Army in the years preceding the outbreak of World War II and he proved to be a cunning and insinuating soldier who was one of the most brilliant cavalry commanders in the history of warfare Eventually the evil that surrounded him engulfed him and his pure brilliance went untapped While there is a great division when it comes to historical opinion with respect to Rommel's merits as a general as well as the moral choices he made both historians and the public continue to be intrigued by this man who has been dead for over 70 years People at large continue to consider Rommel one of the greatest generals of the 20th century an opinion shared by many of his contemporaries on both sides of World War II For example British General Harold Alexander hinted at both his strengths and weaknesses commenting He was a tactician of the greatest ability with a firm grasp of every detail of the employment of armour in action and very quick to seize the fleeting opportunity and the critical turning point of a mobile battle I felt certain doubts however about his strategic ability in particular as to whether he fully

understood the importance of a sound administrative plan Happiest while controlling a mobile force directly under his own eyes he was liable to overexploit immediate success without sufficient thought for the future History in 30 The Life of Erwin Rommel Nazi Germany's Desert Fox provides a quick but comprehensive look at the life of the general **Masters of War** J F Atkinson, 2025-12-20 Masters of War Erwin Rommel The Desert Fox A Complete Military Biography The legend The commander The man The tragedy Erwin Rommel remains one of World War II's most recognizable and controversial figures Celebrated as the Desert Fox for his brilliant tactical victories in North Africa respected even by his enemies yet ultimately a field marshal who served one of history's most evil regimes Rommel's life embodies the profound moral complexities of military service under authoritarianism This comprehensive biography examines Rommel's entire life and career from his birth as a schoolmaster's son in provincial Württemberg through his rise to become Nazi Germany's most famous general to his forced suicide in 1944 after being implicated in the plot to assassinate Hitler Drawing on extensive primary sources military records and decades of historical scholarship this volume provides the most complete assessment of Rommel as commander as man and as historical figure Unlike hagiographic accounts that portray Rommel as a spotless military genius or revisionist works that dismiss him as overrated propaganda this book presents a balanced nuanced portrait that acknowledges both his genuine abilities and his significant limitations both his late emerging conscience and his years of complicity with Nazi crimes Military Analysis Detailed examination of Rommel's campaigns from his World War I performance at Caporetto through the Ghost Division's race across France to the North African desert war and the desperate defense of Normandy reveals a commander of exceptional tactical brilliance whose strategic limitations and logistical blindness ultimately undermined his achievements Personal Portrait Beyond the legend lies a complex human being a devoted family man an ambitious officer a politically naive professional who served evil while maintaining personal honor and ultimately a tragic figure who recognized the regime's criminality too late to make a difference Moral Reckoning This biography never loses sight of the central moral question How should we assess military excellence employed in service of a criminal regime Rommel's story illuminates the costs of political naivety the dangers of separating professional competence from moral judgment and the tragedy of talented individuals who enable evil through a combination of ambition and blindness Unflinching in its analysis respectful of military excellence yet never losing sight of moral context exactly what a serious military biography should be Finally a treatment of Rommel that acknowledges both his genuine tactical gifts and his service to evil without reducing him to either hero or villain Essential reading for military professionals and anyone interested in the complexities of command the limits of genius and the moral questions that haunt military service

Behind the Myth of the Desert Fox ,1993 *Rommel's Lieutenants* Samuel W. Mitcham Jr.,2006-11-30 Perhaps the most famous soldier to fight in World War II was Field Marshal Erwin Rommel who achieved immortality as the Desert Fox He is also one of the most admired Rommel s first field command during the war was the 7th Panzer Division also known as the Ghost Division which he led in France in 1940 Rommel had a great deal of help in France much more than his published papers suggest His staff officers and company battalion and regimental commanders were an extremely capable collection of military leaders that included 12 future generals two of them SS and two colonels who briefly commanded panzer divisions but never reached general rank They also included Karl Hanke a Nazi gauleiter who later succeeded Heinrich Himmler as the last Reichsfuehrer SS No historian has ever recognized the talented cast of characters who supported the Desert Fox in 1940 No one has ever attempted to tell their stories This book will surely remedy that oversight During the Desert Fox campaign the 7th Panzer suffered more casualties than any other division in the German Army at the same time inflicting a disproportionate number of casualties upon the enemy It took 97 486 prisoners captured 458 tanks and armored vehicles 277 field guns 64 anti tank guns and 4 000 to 5 000 trucks and destroyed dozens of others in each category It captured or destroyed hundreds of tons of other military equipment shot down 52 aircraft destroyed 15 more on the ground and captured 12 more It destroyed the French 1st Armored Division and the 4th North African Division punched through the Maginot Line extension near Sivry and checked the largest Allied counteroffensive of the campaign at Arras When France surrendered the Ghost Division was within 200 miles of the Spanish border No doubt about it Rommel had proven himself a great military leader who was capable of greater things His next command in fact would be the Afrika Korps where the legend of the Desert Fox was born

Rommel's Desert Commanders Samuel W. Mitcham Jr.,2007-02-28 Perhaps the most famous and

admired soldier to fight in World War II was Field Marshal Erwin Rommel who achieved immortality as the Desert Fox. Rommel's first field command during the war was the 7th Panzer Division, also known as the Ghost Division, which he led in France in 1940. During this campaign, the 7th Panzer suffered more casualties than any other division in the German Army at the same time, inflicting a disproportionate number of casualties upon the enemy. It took 97,486 prisoners, captured 458 tanks and armored vehicles, 277 field guns, 64 anti-tank guns, and 4,000 to 5,000 trucks. It captured or destroyed hundreds of tons of other military equipment, shot down 52 aircraft, destroyed 15 more aircraft on the ground, and captured 12 additional planes. It destroyed the French 1st Armored Division and the 4th North African Division, punched through the Maginot Line extension near Sivry, and checked the largest Allied counteroffensive of the campaign at Arras. When France surrendered, the Ghost Division was within 200 miles of the Spanish border. No doubt about it, Rommel had proven himself a great military leader who was capable of greater things. His next command, in fact, would be the Afrika Korps, where the legend of the Desert Fox was born. Rommel had a great deal of help in France, much more than his published papers suggest. His staff officers and company, battalion, and regimental commanders were an extremely capable collection of military leaders that included 12 future generals, two of them SS, and two colonels who briefly commanded panzer divisions but never reached general rank. They also included Colonel Erich von Unger, who would no doubt have become a general had he not been killed in action while commanding a motorized rifle brigade on the Eastern Front in 1941, as well as Karl Hanke, a Nazi Gauleiter who later succeeded Heinrich Himmler as the last Reichsfuehrer SS. No historian has ever recognized the talented cast of characters who supported the Desert Fox in 1940. No one has ever attempted to tell their stories. This book remedies that deficiency.

Rommel Ralf Georg Reuth,2020-01-15 Erwin Rommel is the best known German field commander of World War II Repeatedly decorated for valor during the First World War he would go on to lead the German Panzer divisions in France and North Africa Even his British opponents admitted to admiring his apparent courage chivalry and leadership and he became known by the nickname Desert Fox His death in October 1944 would give rise to speculation for generations to come on how history should judge him To many he remains the ideal soldier but as Reuth shows Rommel remained loyal to his Führer until forced to commit suicide and his fame was largely a creation of the master propagandist Joseph Goebbels Stripping away the many layers of Nazi and Allied propaganda Reuth argues that Rommel's life symbolizes the complexity and conflict of the German tragedy to have followed Hitler into the abyss and to have considered that to be his duty **The Desert Fox in**
