The Genius Formula:

Emperor Worship and Roman Religion ,2002-08-02 While Roman religion worshipped a number of gods one kind in particular aroused the fury of early Christians and the wonder of scholars the cult of Roman emperors alive or dead Was the divinity of emperors a glue that held the Empire together Were rulers such as Julius Caesar and Caligula simply mad to expect such worship of themselves Or was it rather a phenomenon which has only been rendered incomprehensible by modern and monotheistic ideas of what religion is or should be all about This book presents the first study of emperor worship among the Romans themselves in Rome and its heartland Italy It argues that emperor worship was indeed perfectly in keeping with Roman religious tradition which has been generally misunderstood by a posterity imbued in radically different notions of the relationship between man and the divine **Formula for Genius** John X. Genealogies of Genius Joyce E. Chaplin,Darrin M. McMahon,2015-12-08 The essays in this volume seek to examine the uses to which concepts of genius have been put in different cultures and times Collectively they are designed to make two new statements First seen in historical and comparative perspective genius is not a natural fact and universal human constant that has been only recently identified by modern science but instead a categorical mode of assessing human ability and merit Second as a concept with specific definitions and resonances genius has performed specific cultural work within each of the societies in which it had a historical presence **The Forbidden Truth - A Dark Tale of Secrets and Deception** kerolos philip,2025-02-24

Beneath the surface of a seemingly perfect life lies a sinister truth too dangerous to be spoken Radwa Abbas was the ideal woman beautiful intelligent and accomplished But on her wedding night a horrifying reality unraveled plunging her into a nightmare beyond comprehension Her husband Khaled witnessed the unthinkable an event so surreal it shattered his understanding of reality Was Radwa cursed Possessed Or was something far more sinister at play As whispers of dark forces and unspeakable horrors spread their love story turned into a psychological war between reason and madness Now Radwa sits behind bars convicted of a brutal murder But was she a victim a monster or something in between As you turn the pages of *The Forbidden Truth* you will question everything you thought you knew about love fear and the unseen forces that lurk in the shadows Are you ready to uncover the truth or will it consume you too *Bible Student's Primer in the Science of Truth* George Smith Anderson,1906

Art and Agency Alfred Gell,1998 In *Art and Agency* Alfred Gell formulates an anthropological theory of visual art that focuses on the social context of art production circulation and reception As a theory of the nexus of social relations involving works of art this work suggests that in certain contexts art objects substitute for persons and thus mediate social agency Diversely illustrated and based on European Polynesian Melanesian and Australian sources *Art and Agency* was completed just before Gell s death at the age of fifty one in January 1997 It embodies the intellectual bravura lively wit vigor and erudition for which he was admired and will stand as an enduring testament to one of the most gifted anthropologists of his generation **The Mercantile Adjuster ... and the**
