Advance Britannia Alan Allport, 2026-01-06 The author of *Britain at Bay* which *The Wall Street Journal* said may be the single best examination of British politics society and strategy from 1938 to 1941 that has ever been written picks up his sweeping social history in 1942 when what was once a regional war has become an intricate globe spanning conflict with profound consequences for the British Empire and for a British people already exhausted after more than two years of fighting An elegant and unsparing history of London's role in World War II Overturns one piece of conventional wisdom after another The *New York Times Book Review* The Japanese gone berserk have struck in the Pacific joined up with the Axis declared war on us one British soldier wrote in his diary So the Yanks are now our comrades in arms and the whole world's ablaze By 1942 Churchill found himself facing a vastly different war than the one he'd inherited from Neville Chamberlain back in 1940 In the East the Soviets were now a co-belligerent if not exactly a firm ally And the aid he'd so longed for from across the Atlantic had finally arrived when Pearl Harbor pushed America to end its dithering and bugging about But with Parliament and the public losing faith in him Churchill had to manage a war that now stretched into the Pacific and Indian Oceans threatening Britain's colonies all the while negotiating a new relationship with Roosevelt and Stalin two jostling unpredictable comrades in arms fully prepared to carve up the world to their own satisfaction In this sequel to his prizewinning *Britain at Bay* Alan Allport completes his superlative history of Britain's role in World War II once again weaving together the political military social and cultural to tell a multifaceted story of a country forced to endure the profound stresses of total war Now Britain is no longer at bay But any victory remains far off and its costs will be great Can the British win the war without sacrificing so much along the way that they then lose the peace
