The Goddeb Anath:

The Goddess Anat in Ugaritic Myth Neal H. Walls, 1992 **The Goddess Anat** Alfred Wade Eaton, 1995 **The Goddess Anat** Jeffery B. Lloyd, 1994 *The Goddess Anat* Jeffery B. Lloyd, 1994 **Conquered Conquerors** Danilo Verde, 2020-12-01 The first comprehensive study of the Song of Songs use of military metaphors Although love transcends historical and cultural boundaries its conceptualizations linguistic expressions and literary representations vary from culture to culture In this study Danilo Verde examines love through the military imagery found throughout the Song s eight chapters Verde approaches the military metaphors similes and scenes of the Song using cognitive metaphor theory to explore the overlooked representation of love as war Additionally this book investigates how the Song conceptualizes both the male and the female characters showing that the concepts of masculinity and femininity are tightly interconnected in the poem **Conquered Conquerors** provides fresh insights into the Song s figurative language and the conceptualization of gender in biblical literature **Yahweh and the Gods and Goddesses of Canaan** John Day, 2010-06-15 This masterly book is the climax of over twenty five years of study of the impact of Canaanite religion and mythology on ancient Israel and the Old Testament It is John Day s magnum opus in which he sets forth all his main arguments and conclusions on the subject The work considers in detail the relationship between Yahweh and the various gods and goddesses of Canaan including the leading gods El and Baal the great goddesses Asherah Astarte and Anat astral deities Sun Moon and Lucifer and underworld deities Mot Resheph Molech and the Rephaim Day assesses both what Yahwism assimilated from these deities and what it came to reject More generally he discusses the impact of Canaanite polytheism on ancient Israel and how monotheism was eventually achieved **Among the Host of Heaven** Lowell K. Handy, 1994 During the past two generations there have been many studies on the structure organization and function of the gods of the Levantine and ancient Near Eastern worlds In this important study Lowell Handy provides new directions for thinking on this crucial topic arguing that the structure of the pantheon worshiped in Syria Palestine mirrored the social structure of the city states in that region While many recent studies have investigated the relations of the gods in both biblical and extra biblical texts from the area Handy shows that the pantheon functioned as a bureaucracy This perspective may well be the primary key for understanding hierarchy among the gods **The Violent Goddess** Arvid S. Kapelrud, 1969 **The Origins of Democracy in Tribes, City-States and Nation-States** Ronald M. Glassman, 2017-06-19 This four part work describes and analyses democracy and despotism in tribes city states and nation states The theoretical framework used in this work combines Weberian Aristotelian evolutionary anthropological and feminist theories in a comparative historical context The dual nature of humans as both an animal and a consciously aware being underpins the analysis presented Part One covers tribes It uses anthropological literature to describe the campfire democracy of the African Bushmen the Pygmies and other band societies Its main focus is on the tribal democracy of the Cheyenne Iroquois Huron and other tribes and it pays special attention to the role of women in tribal

democracies Part Two describes the city states of Mesopotamia Syria and Canaan Phoenicia and includes a section on the theocracy of the Jews This part focuses on the transition from tribal democracy to city state democracy in the ancient Middle East from the Sumerian city states to the Phoenician Part Three focuses on the origins of democracy and covers Greece Mycenaean Dorian and the Golden Age It presents a detailed description of the tribal democracy of Archaic Greece emphasizing the causal effect of the hoplite phalanx military formation in egalitarianizing Greek tribal society Next it analyses the transition from tribal to city state democracy with the new commercial classes engendering the oligarchic and democratic conflicts described by Plato and Aristotle Part Four describes the Norse tribes as they contacted Rome the rise of kingships the renaissance of the city states and the parliamentary monarchies of the emerging nation states It provides details of the rise of commercial city states in Renaissance Italy Hanseatic Germany and the Netherlands **Assyria**
