Hans Ferdinand Helholt

The Gold Diggers:

The Gold Diggers Sue Nyathi, 2019-05-01 It's 2008 and the height of Zimbabwe's economic demise. A group of passengers is huddled in a Toyota Quantum about to embark on a treacherous expedition to the City of Gold. Amongst them is Gugulethu who is hoping to be reconciled with her mother Dumisani, an ambitious young man who believes he will strike it rich, Chamunorwa and Chenai twins running from their troubled past, and Portia and Nkosi, a mother and son desperate to be reunited with a husband and father they see once a year. They have paid a high price for the dangerous passage to what they believe is a better life, an escape from the vicious vagaries of their present life in Bulawayo. In their minds, the streets of Johannesburg are paved with gold, but they will have to dig deep to get close to any gold, dirtying themselves in the process. Told with brave honesty and bold description, the stories of the individual immigrants are simultaneously heart-breaking and heart-warming.

The Gold Diggers Kwasi Koranteng, 1992 One of a series of readers for African students which aims to help them to develop an awareness and a love of language and consists of stories from all over Africa. In this story, Inspector Kanjagi is working under cover to stop a gang of thieves. Four of his colleagues have died on the mission.

Female Spectacle Susan A. Glenn, 2009-07-01 When the French actress Sarah Bernhardt made her first American tour in 1880, the term feminism had not yet entered our national vocabulary. But over the course of the next half century, a rising generation of daring actresses and comics brought a new kind of woman to center stage. Exploring and exploiting modern fantasies and fears about female roles and gender identity, these performers eschewed theatrical convention and traditional notions of womanly modesty. They created powerful images of themselves as ambitious, independent, and sexually expressive. *New Women*, *Female Spectacle* reveals the theater to have been a powerful new source of cultural authority and visibility for women. Ironically, theater also provided an arena in which producers and audiences projected the uncertainties and hostilities that accompanied changing gender relations. From Bernhardt's modern methods of self-promotion to Emma Goldman's political theatrics, from the female mimics and Salome dancers to the upwardly striving chorus girl, Glenn shows us how and why theater mattered to women and argues for its pivotal role in the emergence of modern feminism.

Land and the Politics of Belonging in West Africa, 2005-12-01 Recognizing that land rights are ambiguous, negotiable, and politically embedded, these case studies explore the long-term processes and recent changes in contemporary rural West Africa affecting the conversion of control over land into social and political capital, and vice versa. They point to the colonial origins of what came to be viewed as customary tenure and to the legal pluralism characterizing pre-colonial tenure arrangements. Furthermore, they show the spiritual and ritual importance of land that can be converted into political power and economic prerogatives, a dimension neglected by much of the recent literature. Analyses cover forest and savannah state and segmentary societies, facilitating comparison and insights across the Anglo-Francophone divide.
