The Reclaiming of Wisdom Josephine Griffiths,1994-01-01 **What Time Is It?** Gloria O'Toole Ulterino,2022-03-18

Do you long for a more life affirming enriching faith life Are you eager to encounter inspiring models of faith If so come Walk the pages of this book through the seasons of the liturgical year Come and meet Dorothy Day perhaps in a new way Come and be inspired by a seemingly ordinary tent maker a woman named Prisca friend of Paul and leader of the early church Be surprised by a contemporary woman with cerebral palsy who breathes abundant life into the Good News of Easter or an extraordinary founder of a local hospice movement In this book you will discover a deep probing of each season lived in extraordinary ways by seemingly ordinary women So come be inspired Be encouraged for your own life s journey **Mother**

Heals Family River Stone,AI,2025-02-27 **Mother Heals Family** explores the pivotal yet often overlooked role of women as family health caretakers throughout history It examines how these women employing traditional medicine and holistic health practices were central to family wellness before the rise of modern healthcare The book unearths the historical significance of their knowledge revealing how their time honored methods like using herbal remedies and focusing on preventative care have been marginalized Did you know that historically women often served as the primary source of medical knowledge within their communities passing down vital health information through generations The book progresses by first establishing a historical context then delving into specific areas such as nutrition and natural remedies **Mother Heals Family** argues that reclaiming this lost wisdom can empower families to take a more active role in their health This approach emphasizes self sufficiency and a return to understanding the body s natural healing capabilities advocating for a balanced perspective on modern and traditional health practices The loss of the female health caretaker tradition has led to a disconnect between families and their health increasing reliance on external medical systems **House documents** ,1895

The Reclaiming of Power Harvey Jackins,1983 *Early Church Understandings of Jesus as the Female Divine* Sally Douglas,2016-05-19 Central to debates about Jesus is the issue of whether he uniquely embodies the divine While this discussion continues unabated both those who affirm and those who dismiss Jesus divinity regularly eclipse the reality that in many of the earliest strands of the Christian tradition when Jesus divinity is proclaimed Jesus is imaged as the female divine Sally Douglas investigates these early texts excavates the motivations for imaging Jesus as Woman Wisdom and the complex reasons that this began to be suppressed in the 2nd and 3rd centuries The work concludes with an exploration of the powerful implications of engaging with the ancient proclamation of Jesus Woman Wisdom in contemporary context **I**
