The Refugee And The World Community:

Refugee and the World Community (Classic Reprint) John George Stoessinger, 2017-11-28 Excerpt from *Refugee and the World Community* The birth of a book like the choice of a profession is seldom a completely rational process The present volume is no exception My youth as a refugee in Europe and the challenging years of my work for the International Refugee Organization in China after World War II generated a lasting interest in the refugee problem The present volume is no polemic nor on the other hand does it treat the refugee problem as a stagnant pool of statistics I have attempted to use the tools of political and social science to analyze the problem and the response of the world community to it My hope is that this study may make a modest contribution to the understanding of a significant issue in international relations and provide insight into the character and activities of the international organizations created to deal with it About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
