The Yard:

The Yard A.E. Hook, 2012-10-16 Once you have ridden a horse you may then progress to owning your own horse if you do it will no longer be just a hobby but it will become a way of life The horse you own will be with you hopefully until the end so owning a horse is not a decision to be taken lightly as it is life changing True horse owners are a very dedicated group of people often doing two jobs just to keep their horse it is a commitment like no other but they are worth all the effort and cost as they provide a richness and a quality of life that I certainly would not want to be without Our Olympic equestrian team showed all the aspects of the horse its strength its agility its gracefulness For me the Dressage shows us the horse as his best in harmony with a human working silently together to produce such astonishing movements All this from an animal that aimlessly grazed until humans harnessed its power and taught it a new language horsemanship
