The York Mystery:

THE YORK MYSTERY CYCLE AS A THEATRE EXPERIENCE, ILLUSTRATED BY THE NATIVITY SECTION. MARK JAMES YOUNG,1962 York Mystery Plays J. S. PURVIS,1957 **The York Mystery Plays [press Release]** ,1951 *The York Mystery Cycle and the Worship of the City* Pamela M. King,2006 An investigation into the connections between the York Plays religious observance and the role played by the city itself WINNER of the 2007 David Bevington Prize The York Play is the earliest near complete English civic mystery cycle It evolved constantly throughout its long performance history but the text that was recorded in the YorkRegister shows that it was already a mature and elaborate civic festival by the time it was written down This study uncovers the Cycle s connection with worship in York in the sense both of devotional practice and of civichonour informing a particular period in the cultural history of the city The pageants in the Register show in their different ways how the community which devised and performed the Cycle regarded the celebration of the great summer feast of Corpus Christi Moreover the principles of selection that give the Cycle its structure reflect the broader pattern of the liturgical calendar with its other feasts and fasts The Cycle bears witness not only to thepractices of religious observance in York but also to the ecclesiastical politics in which the city was caught up from the very beginning of the fifteenth century PAMELA KING is Professor of Medieval Studies at the University of Bristol *The York Mystery Plays in the Minster* ,2001

Teaching the Middle Ages through Modern Games Robert Houghton, 2022-10-24 Games can act as invaluable tools for the teaching of the Middle Ages The learning potential of physical and digital games is increasingly undeniable at every level of historical study These games can provide a foundation of information through their stories and worlds They can foster understanding of complex systems through their mechanics and rules Their very nature requires the player to learn to progress The educational power of games is particularly potent within the study of the Middle Ages These games act as the first or most substantial introduction to the period for many students and can strongly influence their understanding of the era Within the classroom they can be deployed to introduce new and alien themes to students typically unfamiliar with the subject matter swiftly and effectively They can foster an interest in and understanding of the medieval world through various innovative means and hence act as a key educational tool This volume presents a series of essays addressing the practical use of games of all varieties as teaching tools within Medieval Studies and related fields In doing so it provides examples of the use of games at pre university undergraduate and postgraduate levels of study and considers the application of commercial games development of bespoke historical games use of game design as a learning process and use of games outside the classroom As such the book is a flexible and diverse pedagogical resource and its methods may be readily adapted to the teaching of different medieval themes or other periods of history [The York cycle of mystery plays](#) John S. Purvis, 1971 [The Massacre of the Innocents](#) Warren Carter, 2023-01-30 In *The Massacre of the Innocents* Studies in the Cultural Afterlife of a Gospel Scene Warren Carter examines some fifty instances of the interpretation of the Matthean Massacre of the Innocents Matt 2 16 18 He emphasizes the agency of interpreters who in their particular contexts and media think with the shocking Matthean scene to address the often tragic circumstances of their audiences He argues throughout that the structure of the Gospel scene facilitates this thinking with The scene is structured as a triad of power relations with a tyrant Herod victims infants and parents and violent means of tyranny the massacre Interpreters use this triad of power relations to identify tyrant s victims and means of tyranny in their own situations Carter illustrates the use of this triad of power relations across two millennia in numerous socio political contexts and media as diverse as sermons images poems and hymns dramas and festivals films novels Christmas carols and Children s Bibles [The York Cycle of Mystery Plays](#) York Festival Society, Arts Council of Great Britain, 1954 *The York Mystery Plays*, 2010 [City of York Mystery Plays & Festival of the Arts, June 20-July 13 1969](#), 1969 *Modern Mysteries* Katie Normington, 2007 A lively account of the modern staging of the medieval mystery plays richly illustrated with stills and other photographs The turn of the last millennium saw a sudden flourishing in the revival of the medieval mystery plays with a number of different productions being staged across the country and further afield But why were they staged What features of the plays attracted the modern day director What can the mystery plays offer today s producers directors participants and audiences This book seeks to answer these questions

Beginning with an exploration of the original staging conditions the study goes on to examine the reasons why the plays are produced today and through a series of case studies looks at how notions of community identity and space are articulated within contemporary stagings it considers productions at Chester Chichester Leeds Lichfield Lincoln Toronto Worsbrough and York as well as productions by the Royal National Theatre Royal Shakespeare Company and the Belgrade Theatre Coventry Importantly the author uses evidence gleaned from interviews with directors and producers and observation of rehearsals and performances to bring a fresh and modern perspective to bear Richly illustrated KATIENORMINGTON is Professor of Drama at Royal Holloway University of London
