**Their Trade is Treachery** Chapman Pincher, 1981      *Their Trade is Treachery* Harry Champan Pincher, 2014-11-13  
Harry Chapman Pincher is regarded as one of the finest investigative reporters of the twentieth century Over the course of a glittering six decade career he became notorious as a relentless investigator of spies and their secret trade proving to be a constant thorn in the side of the establishment So influential was he that Prime Minister Harold Macmillan once asked Can nothing be done to suppress Mr Chapman Pincher It is for his sensational 1981 book *Their Trade is Treachery* that he is perhaps best known In this extraordinary volume he dissected the Soviet Union s infiltration of the western world and helped unmask the Cambridge Five He also outlined his suspicions that former MI5 chief Roger Hollis was in fact a super spy at the heart of a ring of double agents poisoning the secret intelligence service from within However the Hollis revelation was just one of the book s many astounding coups Its impact at the time was immense and highly controversial sending ripples through the British intelligence and political landscapes Never before had any writer penetrated so deeply and authoritatively into this world and few have since Available now for the first time in thirty years this eye opening volume is an incomparable and definitive account of the thrilling nature of Cold War espionage and treachery The Dialogue Espionage Classics series began in 2010 with the purpose of bringing back classic out of print spy stories that should never be forgotten From the Great War to the Cold War from the French Resistance to the Cambridge Five from Special Operations to Bletchley Park this fascinating spy history series includes some of the best military espionage and adventure stories ever told

**Their Trade is Treachery** ,1962      Treachery Chapman Pincher, 2009-07-07 From noted intelligence authority and author Chapman Pincher comes an utterly riveting book that reveals in startling detail sixty years of Soviet spying against Great Britain and the United States Using a huge cache of recently released documents and exclusive interviews Pincher makes a compelling new case that as he has long believed the head of Britain s own counterintelligence and security agency was himself a double agent acting to undermine and imperil the U K and America Written with the power of a heart pounding thriller *Treachery* pulls the mask from intelligence leader Roger Hollis As a result years of traitorous action and inaction on his watch come tumbling down Pincher reveals Hollis s early years when he was schooled at Oxford which educated many agents and worked in 1930s Shanghai a hotbed of soon to be spies and Soviet recruiters Hired by MI5 at a time when there was virtually no vetting of employees he was a gray presence who rose in the ranks over twenty seven years while Pincher suspects he was allowing the most notorious Soviet spies of the century to flourish Myriad fascinating case histories are portrayed here including that of Lt Igor Gouzenko a Red Army cipher clerk who said cryptically in 1945 that there was a mole in MI5 with access to important files Pincher also provides exciting new perspectives on the most infamous operatives of our time including Kim Philby and Klaus Fuchs Perhaps most explosively Pincher posits that long after Hollis stepped down a cover up was perpetrated at the highest levels and that Margaret Thatcher was induced to mislead Parliament to prevent the

truth from coming out An essential volume for a world potentially facing a new cold war as Russia dangerously flexes its military and espionage muscles once again Treachery warns us to protect our society and institutions from enemy infiltration in the future This is a revelatory work that puts twentieth century politics and war into stunning new relief **Treachery** Chapman Pincher,2011-06-17 In Treachery noted intelligence authority and author Chapman Pincher makes a compelling case that the head of Britain s own counterintelligence and security agency was himself a double agent acting to undermine and imperil the UK and America Fortified by a mass of new information he pulls the mask from the MI5 chief Sir Roger Hollis and as a result years of traitorous action and inaction on his watch come tumbling down Pincher reveals Hollis s early years when he attended Oxford University which educated many agents and worked in 1930s Shanghai a hotbed of soon to be spies and Soviet recruiters Also for the first time he exposes how Hollis entered MI5 where he was a grey presence who rose in the ranks over 27 years while as Pincher reveals in startling new detail he was allowing the most notorious Soviet spies of the century to flourish Myriad intriguing case histories are portrayed here including that of Lt Igor Gouzenko a Red Army cipher clerk who disclosed in 1945 that there was a mole in MI5 serving Russian intelligence an exposure which touched off the Cold War With a mass of new evidence some from Russian sources Pincher tracks that mole and also provides exciting new perspectives on other infamous operatives of our time including Kim Philby and Klaus Fuchs Perhaps most explosively Pincher posits that long after Hollis stepped down a cover up was perpetrated at the highest levels even involving Margaret Thatcher to conceal the truth forever a deception which still continues Treachery warns us to protect our society and institutions from enemy infiltration in the future It is a revelatory work that puts twentieth century politics and war into stunning new relief **Their Trade is Treachery** Central Office of Information Staff,Great Britain.
