Beach Time is a powerful collection of stories weaving a tapestry of the shore as a place of reflection a sanctuary for addressing life's challenges and opportunities and as a point of departure for life's many journeys Whether finding romance among the canals and lanes of magical Venice facing life death and ghosts along the Carolina coasts honeymooning in the south of Portugal or solving mysteries in the Greek isles the stories will hold your interest across the miles and years Additional tales speak to youth's desire to find direction in life whether in the beach towns of Florida at a Buddhist shrine on Cheju Island Korea or along the North Shore of Oahu Darker tales reveal how outcasts prey upon the young or confused in the chaos of the beach Beach Time by the author of *Hues of Tokyo* can be read straight through engaging the themes linking the stories or each story can be cherished individually as you travel to multiple shores in the US Asia and Europe to be entertained by whimsical tales that both amuse and provoke deep thought about life's relationship with that in between space where the land meets the sea and the sky *The American People in Their Stories, Legends, Tall Tales, Traditions, Ballads and Songs* Benjamin Albert Botkin, 1946 *Historical Tales and Legends of the Highlands* Alexander Mackenzie, 1878 *The Museum Journal* University of Pennsylvania. In this day and age of mass media the Internet and constant progress it is hard to believe that there are stories that have existed for centuries and yet are still widely current The stories of brave princes poor or sad girls good fairies evil witches and many other magical creatures never seem to fade from the memory of adults and also inspire children again and again Due to this great popularity of fairy tales I would like to present in this work on the one hand the reasons for it and on the other hand above all on the effect which fairy tales have on children In this consideration I refer both educational and psychological aspects which I would like to explain also on the basis of some well known fairy tales of the brothers Grimm With this representation I will refer apart from other texts above all to the book *Kinder brauchen Märchen* by Bruno Bettelheim Athenaeum and Literary Chronicle ,1871 **Tewa Tales** Elsie Worthington Clews Parsons,1926 Story Parade ,1944
